3.4 Prepaid Institutional Calling Services

3.4.1 General*

(T)

Infinity Prepaid Institutional Calling Services provide alternative payment arrangements for inmates in Correctional Institutions. This service is designed for those whose credit history is inadequate to receive collect calls as well as for those who simply wish to budget their inmate calls.

Calls are made by dialing either a toll-free access number or other access dialing sequence. Depending on the facility, a Personal Account Code may also need to be entered. Two options are available with Prepaid Institutional Calling Services as described following.

Payment for Prepaid Institutional Calling Services and any Available Usage in the Prepaid Account is refundable upon request by the account holder. The Available Usage Balance expires twelve months from the date the last call is made on the Prepaid account. No refunds of unused balances will be issued after the expiration date.

Prepaid Institutional Calling Services are available 24 hours a day, seven days per week. Access to telephone service by an inmate may be subject to time of day and usage restrictions imposed by individual Confinement Institutions. No minimum service period applies.

Network usage for Prepaid Institutional Calls is deducted from the Available Usage Balance in full minute increments. For debiting purposes, call timing is rounded up to the nearest one (1) minute increment. Usage charges are computed and rounded up to the nearest penny on a per call basis. Prepaid accounts may be replenished. There are no minimum deposit amounts required.
