Re: Network Billing Systems, LLC Status Update to  
BCN Telecom, Inc. Notice of Service Termination

Dear Mr. McAlister,

On or about April 24, 2019, BCN Telecom, Inc. ("BCN") served Network Billing Systems LLC ("NBS") with formal notice of service termination in Georgia in connection with a wholesale agreement between the companies. NBS currently serves two customers in Georgia using services provided through the agreement with BCN. NBS submits this letter to apprise the Georgia Public Service Commission ("Commission") regarding the status of the dispute.

Following initial notice of the proposed service termination, NBS reached out to BCN and entered into discussions aimed at resolving the situation in a manner that would avert any impact upon NBS customers. Based upon those discussions, NBS and BCN have reached agreement to adopt a "standstill period," delaying the proposed termination for a period of time in order to provide NBS with sufficient time to migrate its customers away from the BCN network. Consequently, the termination of Georgia services that BCN proposed to conduct will not occur. Instead NBS will migrate any of its customers currently supported through the underlying BCN services to another underlying carrier. This process is expected to be seamless and should have no impact upon NBS's end-user customers.

NBS will notify the Commission when the migration of its Georgia customers away from the BCN network is completed. Should there be a change in the companies' arrangements such that an interruption or discontinuance of service could occur, NBS will notify the Commission and comply fully with the applicable requirements of Commission Rule 515-12-1-.33.
