

BEFORE THE
GEORGIA PUBLIC SERVICE COMMISSION
STATE OF GEORGIA

IN RE: FIRESIDE NATURAL GAS, LLC'S]
APPLICATION FOR A NATURAL GAS] Docket No. 25471
MARKETER CERTIFICATE OF AUTHORITY]

FireSide Natural Gas, LLC's Petition to Amend
Its Certificate of Authority to Re-Serve Residential Customers

COMES NOW, FireSide Natural Gas, LLC (hereafter "FireSide" or the "Company") and files this Petition requesting the Georgia Public Service Commission (hereafter the "Commission") grant the Company's request to amend its Interim Certificate of Authority to permit it to serve residential customers again. In support of its Petition FireSide respectfully shows the following:

1.

FireSide is a natural gas marketing company that was certified by the Commission to market natural gas to end-users in all delivery groups and pools in the State of Georgia by an Order dated October 16, 2007. The Company has a longstanding history of complying with all Commission rules and directives.

2.

On September 7, 2017, the Commission granted the joint petition of FireSide and EMC Natural Gas, Inc. d/b/a True Natural Gas (hereafter “True”) in Dockets 25471 and 15969 to transfer FireSide’s residential customers to True Natural Gas effective October 1, 2017. (See Order Approving Transfer of Customers, Customer Notification Letter, and Request for Waiver from Commission Rule 515-7-3.04(13)(a), Documents Numbers 169502 and 169503)

3.

As of October 1, 2017, FireSide transferred approximately 21,500 residential customers to True pursuant to the terms of the Asset Purchase Agreement executed between FireSide and True. The Asset Purchase Agreement provided FireSide would not solicit nor serve residential customers from October 1, 2017, through October 1, 2020. FireSide has continued to serve its commercial customers since transferring its residential customers to True and has fully complied with the terms and conditions of the Asset Purchase Agreement with True.

4.

FireSide intends to gradually reenter residential service by first offering residential service to commercial customers, such as The Salvation

Army, which also has residential accounts. FireSide does not expect to have more than 100 residential accounts within six months of reentering residential service and requests a six-month waiver for filing in Docket 14675 or until FireSide offers residential service to the public.

5.

FireSide plans to serve residential customers in all Georgia pool groups.

6.

Prior to filing this Petition FireSide conferred with representatives of the Natural Gas Staff to discuss its request to re-serve residential customers, and FireSide is working with the Natural Gas Staff to revise its Terms and Conditions to approved by the Commission with the Natural Gas Staff's review and amendments.

WHEREFORE, FireSide Natural Gas, LLC requests this Commission grant its petition to amend its Interim Certificate No. GM-36 to permit residential service and waive filing requirements in Docket 14675 for six months or until FireSide offers residential service to the public.

Respectfully submitted this 26th day of March, 2021.
