Georgia Public Service Commission

Request for Transfer of Retail Electric Service

Pursuant to Section 9(C)(2) of the Georgia Territorial Electric Service Act [Acts 1973, page 200; O.C.G.A. §46-3-8(c)(2)], the undersigned hereby files this joint (3-party) application for transfer of retail electric service. Commission approval of this request affects only the subject premise; no territorial assignments or unassignments are to change.

This application is not complete without: 1) a clear description of the premise(s) location (city/county map(s), plat(s), landmark location, etc.), *and* 2) a copy of the applicable territorial map "B" indicating the location of premise(s).

UTILITY ASSET TRANSFER

90 Blackwelder Rd

Bowdon, GA 30108

Carroll County – Georgia

Consumer: Kem Lane

Supplier Transferring Customer: Georgia Power Company

Supplier Receiving Customer: Carroll Electric Membership Corporation (EMC)

Description of assets transferred:

- (1) 40 foot wood pole – Class 4
- 2" Riser Shield For Underground Primary
- 1-1/0AXNJ – Underground Primary Cable (935 feet)
- 4/0UTA – Underground service conductor (125')

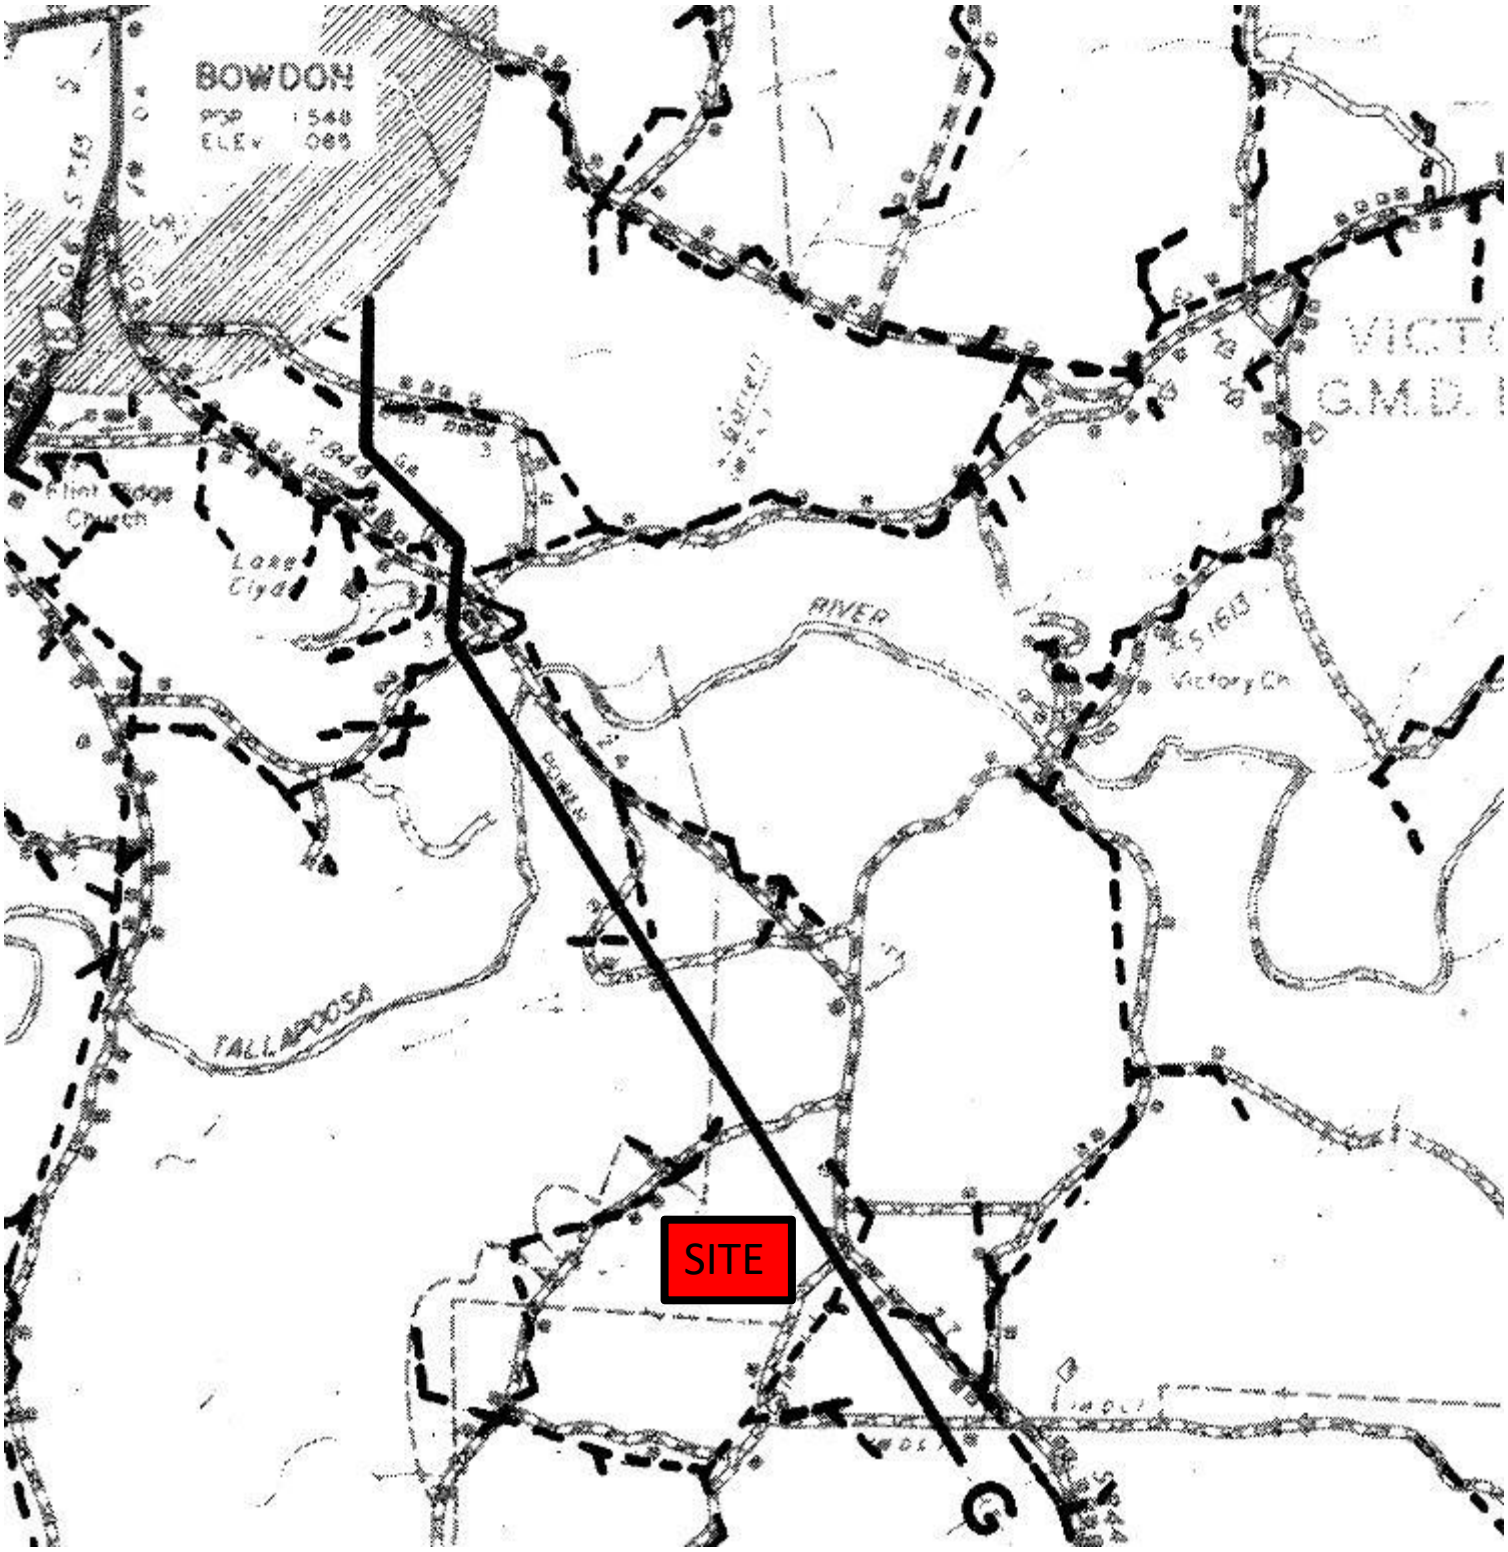

Comments:

Georgia Transmission Corporation has purchased the 46KV transmission line and right of way in this area. They are currently re-building the 46KV line to 230KV. The Six Creeks 46/7.2KV Pole Mount transformer will be retired. Instead of constructing approximately 4 miles of Georgia Power, single phase distribution line, it has been decided that the most economical path forward is to transfer this customer to Carroll EMC. Also, the customer will benefit from this transfer as Carroll EMC has a substation nearby. The customer's future reliability will be greater if they are served by Carroll EMC. The assets transferred are considered *de minimis*.
