The Responses contain information that constitutes a "trade secret" as such term is defined in O.C.G.A. § 10-1-761(4) inasmuch as the information derives economic value from not being generally known to others, if such information were revealed, others could obtain economic value from its disclosure, and the City takes all appropriate and legal measures to ensure that such information is disseminated internally only to those with a need to know, and that all public measures are taken to protect the information when it is required to be filed in a public forum. Further, the information relates to engineering or feasibility estimates relative to the acquisition of real property and to an economic development project for which disclosure is not required pursuant to O.C.G.A. § 50-8-72(a)(9), (46).
