Docket Nos. 44160 & 44161
Georgia Power Company's 2022 IRP and 2022 DSM Application
STF-LA Data Request Set Number 1

STF-LA-1-44

Question:

Plant Held for Future Use.

a. Identify the amount of PHFFU by item as of 12/31/2021.
b. For each item of PHFFU, indicate whether it represents rights of way.
c. For each item of PHFFU, indicate whether it represents land owned by the Company.
d. For each item of PHFFU, identify and explain the intended use and when the item is anticipated to become utility plant in service.
e. For each item of PHFFU, identify when the Company originally recorded the amount in the PHFFU account.
f. Identify where each item of PHFFU is addressed in the Company's 2022 IRP. If an item of PHFFU is not addressed in the Company's 2022 IRP, explain why.

Response:

Please see STF-LA-1-44 Attachment. The Company is complying with the agreed upon timeframes and forums for review of Plant Held for Future Use ("PHFFU") as provided in Paragraph 16 of the Stipulation approved by the Commission in the Company's 2019 Rate Case in Docket No. 42516:

With the exception of easements and right of ways, Generation and Transmission property in PHFFU that has been held in PHFFU account for 15 consecutive years will undergo review during the first IRP proceeding following the 15th year that such property has been held in PHFFU. Distribution property in PHFFU that has been held in PHFFU account for 15 consecutive years will undergo review during the first base rate proceeding following the 15th year that such property has been held in PHFFU. In the respective proceeding, the Company will be required to present the specific plan for the property(s) that has exceeded 15 consecutive years in PHFFU, the Commission will decide the matter in that proceeding.
