RE: Application of American Broadband and Telecommunications Company for Designation as an Eligible Telecommunications Carrier; Docket No. 39332

Dear Mr. Ansted:

On November 7, 2016, in the above-styled docket, the Georgia Public Service Commission ("Commission") granted the Application of American Broadband and Telecommunications Company for Designation as an Eligible Telecommunications Carrier ("ETC"). Pursuant to paragraphs 5 and 6 of Ga. Comp. R. & Regs. 515-12-1-.35. Eligible Telecommunications Carriers, American Broadband is required to file quarterly non-usage reports and semi-annual reports of subscribers broken down by eligibility criterion.

The Commission docket indicates that American Broadband has not filed the following non-usage reports:

- Q3 2022
- Q2 2022
- Q1 2022
- Q1 2020

The Commission docket indicates that American Broadband has not filed the following semi-annual subscriber reports:

- June 30, 2022
- December 31, 2021

- June 30, 2021
- December 31, 2020
- June 30, 2020

Based on the Commission docket, it appears that American Broadband is in violation of Ga. Comp. R. & Regs. 515-12-1-.35(5) and (6). A person subject to the Commission's jurisdiction that "willfully violates . . . . any duly promulgated regulation . . . shall be liable to a penalty not to exceed $15,000.00 for such violation and an additional penalty not to exceed $10,000.00 for each day during which such violation continues." O.C.G.A. § 46-2-91(a).

The Commission Staff requests that by November 3, 2022, American Broadband either file each missing report with the Commission or provide the Staff with evidence that it has already filed the reports that Staff has identified as missing. In the event that Staff does not receive an adequate response by that date, it will request that the matter be placed on the Commission's Telecommunications Committee agenda for Commission consideration.

If you have any questions, you may contact me at the phone number or email address above.

Sincerely,

/s/*Daniel Walsh*
