Re: Georgia Power Company Request to Consent to Assignment of the Contract for the Purchase of Firm Capacity and Energy with Washington County Power, LLC; Docket No. 22528

Dear Ms. Tanner:

Georgia Power Company ("**Georgia Power**") and Washington County Power, LLC ("**Washington**") are parties to a Contract for the Purchase of Firm Capacity and Energy dated as of March 16, 2006 and amended on October 15, 2010 (as amended, the "**PPA**"). The PPA provides 302 MW of capacity and associated energy from two natural gas-fired GE Simple Cycle Combustion Turbines owned by Washington in Washington County, Georgia ("**Units 2-3**"). Washington also owns two additional Combustion Turbines at its generating facility in Washington County ("**Units 1 and 4**"). The PPA will expire on May 31, 2024.

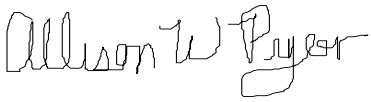

Oglethorpe Power Corporation ("**OPC**") and Washington provided notice to Georgia Power in September 2022 that Washington and OPC were in the process of finalizing an Asset Purchase Agreement (the "**APA**") pursuant to which OPC would acquire a 100% ownership interest in Units 2-3, a 50% undivided tenancy in common ownership interest in facilities common to Units 1, 2, 3, and 4, and other related assets (the "**Transaction**"). OPC and Washington have requested Georgia Power's consent to: (i) the Transaction; and (ii) Washington's assignment of the PPA to OPC (the "**Seller Requests**").

The Seller Requests require the consent of Georgia Power pursuant to Sections 19.1 and 19.2 of the PPA. Georgia Power has conditioned its consent upon receipt of the Georgia Public Service Commission's (the "**Commission**") approval to consent to the Transaction and to execute the Consent.

Georgia Power has negotiated the appropriate document to provide Georgia Power's consent to the Seller Requests (the "**Consent**") and has provided a copy of the Consent to Commission Staff. Georgia Power hereby requests the Commission's approval to consent to the Seller Requests and to execute the Consent.
