RE: JS22-024

Docket #37505 November 8, 2022

Granville Condominium Homes

Methane Emission Plan Inspection

Exhibit A/Response

To Whom it May Concern:

The Granville Condominium Association is in receipt of the attached notice of Probable Violation.

The Association will investigate and/or hire a contractor to assist the Granville Association with putting together a “Methane Emissions Mitigation Plan” for meeting compliance.

The Association will need some time, an extension, to work on the production and review of the plan by the Board of Directors and/or counsel to be submitted to the GPSC.

In addition the Granville Association has also contacted representatives at Atlanta Gas Light for possible transfer of the “Main Meter” from The Granville Condominium Homes to AGL, however we have not received any correspondence back from them as of the date of this letter.

Sincerely,

Rhonda L Beasley, CAM

Agent for Granville Condominium Assoc, Inc.
