Atlanta, Georgia 30334-5701

RE: Response Letter for the Georgia Public Service Commission Docket # 37930

Dear Mrs. Thebert,

This letter is in response to the most recent inspection of the Columbus Housing Authority in Columbus, Ga. PSC staff identified deficiencies in the operators PIPES ACT Plan. Observed deficiencies by the PSC staff have been identified. The Columbus Housing Authority strives to continue to make revisions and changes as necessary to achieve full compliance with state and federal code. As instructed by the Georgia Public Service Commission staff and following the guidance provided by GPSC staff, the Columbus Housing Authority is and will continue to revise its PIPES ACT Plan to be a stand-alone plan, not only one of reference.

This plan will contain guidelines and procedures adhering to Section 114 mitigating or eliminating methane omissions from its natural gas facilities. The operator looks forward to the PSC follow-up inspection to review the revisions made and implementation of this plan to ensure they are in compliance.

Thank you for your time and we look forward to working with you in the future.

Sincerely,

Shelli Crisp, CFO For Lisa Walters

Lisa Walters, C.E.O.
Housing Authority of Columbus Georgia
