RE: Docket No. 36946 – Eligible Telecommunications Carrier Repository Docket
Assurance Wireless's 2022 Annual Report

Dear Ms. Tanner:

In accordance with the Commission's Order on Petition for Designation as Eligible Telecommunications Carrier ("Order") issued on March 18, 2011 in Docket No. 31297, Assurance Wireless USA, L.P. ("Assurance" or "Company") (f/k/a Virgin Mobile USA, L.P.), a wholly-owned subsidiary of T-Mobile USA, Inc. ("T-Mobile"), hereby submits its 2022 Annual Report. Updated maps of Assurance's footprint as compared to Assurance's designated exchanges in Georgia are included herewith as **Attachment 1**. There were no instances in which Assurance refused to serve a qualifying Lifeline customer. The actual amount of total federal Lifeline USF funds received by Assurance in 2022 for Georgia is $8,123,587.00. The list of wire centers in which Assurance is designated as an ETC in Georgia is the same as Attachment 1 to the Commission's September 11, 2014 Order Amending ETC Designation in Docket 31297, as amended by the Commission's June 22, 2015 Order Amending ETC Designation in that same docket, and said lists are incorporated herein by reference. Regarding expenses associated with the wire centers, T-Mobile has no Assurance-specific expenses incurred by wire center in Georgia, and the federal Lifeline USF receipts received by Assurance due to its ETC status in Georgia are not used to build out T-Mobile's Georgia network.

In addition, Assurance is filing in a sealed envelope a **TRADE SECRET** version of **Attachment 2**, which includes Assurance's estimated total federal Lifeline USF funds to be received by the Company for Georgia in 2023. The unredacted **Attachment 2** is hereby filed under protective seal with the designation "**TRADE SECRET**" displayed. This information is proprietary, sensitive in nature, and would provide competitors a way by which to easily derive Assurance's projected Georgia Lifeline customer count for 2023, and thus the Company's projected customer growth in Georgia for 2023. If disclosed publicly, this information would be of strategic value to Assurance's competitors, and Assurance would have no way to obtain similar strategic information regarding its competitors. Accordingly, Assurance respectfully submits the unredacted **Attachment 2** to the Commission pursuant to Commission Rule 515-3-1-.11 ("Trade Secrets").

This filing is being made using the Commission's Alternative Electronic Filing Procedures ("Procedures"). An original electronic version of this letter, along with **Attachment 1**, the Public Disclosure version of **Attachment 2**, and the affidavit required by O.C.G.A. Section 50-18-72(a)(34) are included in the electronic filing. A paper Public Disclosure version of the filing, as well as a **TRADE SECRET** version of **Attachment 2** in a sealed envelope, are being sent to the Commission today via overnight delivery, and the overnight package will include a copy of the email confirmation as requested in the Procedures. Thank you for your assistance, and please call me if you have any questions regarding this matter.

Sincerely,
