PETITION OF NUCLEAR WATCH SOUTH
TO INTERVENE

Pursuant to O.C.G.A. §§ 50-13-14, 46-2-59 and Rule 515-2-1-.06 of the Georgia Public Service Commission ("Commission"), Nuclear Watch South hereby gives notice of its intent to intervene in this proceeding and respectfully petitions the Commission for leave to so intervene. In support of this petition, Nuclear Watch South shows as follows:

1.

Nuclear Watch South is a nonprofit membership organization dedicated to addressing the needs and interests of Georgia citizens on nuclear energy and waste issues through public education and action. Since 1977, Nuclear Watch South reaches thousands of Georgians through statewide outreach events, educational workshops, and dissemination of information regarding nuclear issues via the Nuclear Watch South website, press releases, educational brochures and newsletters.

2.

Nuclear Watch South's membership includes over 20,000 people, of whom more than 1,000 are Georgia citizens. Nuclear Watch South's members reside throughout the state and many are residential customers served by Georgia Power Company ("Georgia Power").

3.

Nuclear Watch South's coordinator is served by Georgia Power. In addition, Nuclear Watch South itself is served by Georgia Power.

4.

Many of Nuclear Watch South's members and its coordinator will be substantially affected by any action the Commission takes in this docket. Those members (and Nuclear Watch South's coordinator) purchase electricity from Georgia Power, either directly (if the service is in their name) or indirectly (if the cost of electricity service is embedded in their rent). The Commission's actions in this docket may impact these individuals' costs for electricity and thus reduce the monies they have to spend on other necessities.

5.

The interests of Nuclear Watch South's members and coordinator who are served by Georgia Power are not adequately represented by other parties to this proceeding, and Nuclear Watch South's intervention will not unduly delay the proceedings or prejudice the rights of other parties.

6.

Nuclear Watch South designates the following person to receive all notices, correspondence and filings in the above docket, and to be placed upon the official service list in this proceeding:

Glenn Carroll, Coordinator
Nuclear Watch South
P.O. Box 8574
Atlanta, GA 31106
404-378-4263
atom.girl@nonukesyall.org

WHEREFORE, Nuclear Watch South respectfully requests that the Commission grant its petition to intervene in the above-captioned docket, thereby allowing Nuclear Watch South to participate fully as a party of record.

This 14th day of April 2023.

Respectfully submitted,

_____ / signed original /_____
