RE: GEORGIA POWER COMPANY'S REQUEST TO CONSENT TO THE THIRD AMENDMENT TO THE AGREEMENT FOR THE PURCHASE OF ENERGY, ENVIRONMENTAL ATTRIBUTES, AND ELECTRICAL PRODUCTS FROM A RENEWABLE RESOURCE WITH STORAGE DEVICE
Docket No. 42625

Dear Ms. Tanner:

Georgia Power Company ("Georgia Power") and Cool Springs Solar, LLC ("Cool Springs") are parties to a certain agreement for the Purchase of Energy, Environmental Attributes, and Electrical Products from a Renewable Resource with Storage Device dated as of October 1, 2019 (as amended, the "PPA"). The PPA was executed as part of Georgia Power's 2020/2021 Renewable Energy Development Initiative Utility Scale Request for Proposal.

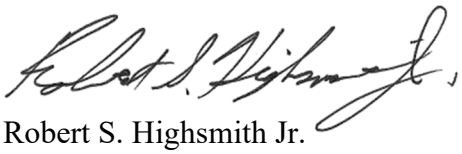

This third amendment to the PPA ("Third Amendment") proposes to make a design change to the Storage Device. Cool Springs represented to Georgia Power that the design change will improve the smoothing performance of the Storage Device by increasing its power rating from 40 MW to 47.7 MW, energy rating from 80 MWh to 95.4 MWh, and charge/discharge rate from 2 hours to 2.5 hours. Georgia Power and Cool Springs desire to amend the PPA in accordance with Section 18.11 of the Agreement for the sole purpose of incorporating the actual power rating and energy rating of the Storage Device.

Georgia Power has negotiated the appropriate amendment to the PPA to reflect the design change to the Storage Device and has provided a copy of the Third Amendment to the Georgia Public Service Commission (the "Commission") Staff. Georgia Power hereby requests the Commission's approval to execute the Third Amendment. If you have any questions, please call me at 404-898-8012.

A hard copy of the letter will be provided to the Georgia Public Service Commission in compliance with the Alternative Electronic Filing Procedure. Thank you for your attention to this matter.

Sincerely yours,

Holland & Knight LLP

Robert S. Highsmith Jr.
