INTERIM CERTIFICATE OF AUTHORITY TO PROVIDE COMPETITIVE LOCAL EXCHANGE TELECOMMUNICATION SERVICES

IN RE: DOCKET NO. 45085: Application of LiveOak Fiber, LLC for a Certificate of Authority to Provide Competitive Local Exchange Services.

Certificate No. L-7914 Approved: May 2, 2023

BY THE COMMISSION:

I.
BACKGROUND

On March 22, 2023, LiveOak Fiber, LLC (hereinafter referred to as "the Applicant") filed with the Georgia Public Service Commission (hereinafter referred to as "the Commission") an application for a Certificate of Authority to Provide Competitive Local Exchange Services pursuant to O.C.G.A. § 46-5-163(b). In Administrative Session on May 2, 2023, the Commission voted to waive a public hearing on this matter.

The statutory authority governing certificates of authority of the type the Applicant is seeking is found at O.C.G.A. § 46-5-163. This code section provides that a telecommunications company, including a telecommunications services reseller, shall not provide telecommunications services without a certificate of authority issued by the Commission. A certificate may not be issued without adequate proof that the applicant possesses satisfactory financial and technical capability. A showing of public convenience and necessity is not a condition for issuing a competing certificate of authority.

In support of its application, the Applicant presented evidence through exhibits and additional materials routinely requested by the Commission Staff. After carefully analyzing all evidence of the record in this case, the Commission makes the following findings of fact and conclusions of law:

II.
FINDINGS OF FACT

1. TECHNICAL CAPABILITY.

The Applicant intends to offer local exchange telecommunications services to Business, Residential, Government customers in Georgia. Applicant has demonstrated adequate technical capabilities to implement its business plan through evidence regarding its management team, technical understanding, and customer service plans.

2. FINANCIAL CAPABILITY.

The Applicant has demonstrated that it possesses sufficient and adequate financial capability to provide the local exchange telecommunications services for which it is seeking a Certificate of Authority.

III.
CONCLUSIONS OF LAW

The Commission Staff certifies the record in this docket to the Commission and issues this recommendation pursuant to O.C.G.A. §§ 46-2-58(d) and 50-13-17(a). Based upon the evidence, the Commission Staff finds that the Applicant has shown that it possesses satisfactory financial and technical capability pursuant to O.C.G.A. § 46-5-163(h) in order to be granted an interim certificate, consistent with the Commission's guidelines in Docket No. 5778-U for the issuance of interim certificates of authority for the provision of local exchange telecommunication service.

Having reviewed the record and considered this case, the Commission finds and concludes that it should adopt the Commission Staff's recommendation as its decision in this docket.
