FINAL ORDER

APPEARANCES:

Georgia Public Service Commission Staff: Janey Chauvet

Southern Design Landscaping: No appearance

PROCEDURAL HISTORY

On February 7, 2022, July 14, 2021 and January 25, 2022 while working at 923 Cataraman Court, Alpharetta, 6365 Sterling Shores Drive, Cumming and 1632 Coasta Way, Mableton, Southern Design Landscaping ("Respondent") caused damage to a utility facility while using mechanized equipment. Following its investigation of this incident, Commission Staff determined that the Respondent was in violation of O.C.G.A. §§ 25-9-6(a), 25-9-8(a) and 25-9-8(b) (the "Violations") and recommended, through Consent Agreement, that Respondent be assessed a $15,000 civil penalty with the ability to mitigate $12,000 by completing a Commission approved damage prevention training program.

On November 17, 2022, the Commission issued a Notice of Hearing and Procedural and Scheduling Order. Respondent was advised that a hearing would be held for the purpose of hearing evidence regarding the Violations and that, if proven, such Violations may result in the imposition of a civil penalty as provided by law.

On March 29, 2023, a hearing was conducted in this Docket, at which time the Commission's Hearing Officer heard testimony from Staff witnesses. Staff entered two exhibits into evidence. Exhibit 1 was a chart that detailed information regarding: the incident date and

location, violation cited, terms of Consent Agreement, date of service for both Consent Agreement and Notice of Hearing, and status of certified mail return receipt for Notice of Hearing. Exhibit 2 included copies of: The Notice of Probable Violation, Incident Investigation Report, Consent Agreement, Notice of Hearing and Procedural and Scheduling Order, Certified Mail Return Receipt and other supporting documentation. At the hearing, several issues were presented for determination, including whether Respondent committed the Violations and whether the Respondent should be penalized pursuant to O.C.G.A § 25-9-13(h)(7) in an amount of up to $10,000.00 for each violation. While Respondent initially responded to attempts to settle, they failed to appear for the hearing.

FINDINGS AND CONCLUSIONS

Staff witnesses Onterio Johnson and Morgan Mitchell testified at the proceeding. Mr. Johnson is a Commission GUFPA investigator and is generally responsible for investigating notices of probable violation of the Act. Ms. Mitchell is the assistant to the GUFPA Program and Assistant Program Managers, and is generally responsible for the delivery of consent agreements, Notice of Hearings, and Final Orders to probable violators of GUFPA and O.C.G.A. § 46-2-91. Mr. Johnson submitted a detailed copy of his report of the investigation. Based on the probable violation damage reports filed by the utility and upon further investigation into the matter, Mr. Johnson determined that:

1. Respondent failed to contact the UPC before commencing excavation or blasting with mechanized equipment in violation of O.C.G.A. § 25-9-6(a)
2. Respondent struck, injured, or loosened any utility facility which had been staked or marked in violation of O.C.G.A. § 25-9-8(a)
3. Respondent failed to exercise reasonable care when excavating or blasting is to take place within the tolerance zone in violation of O.C.G.A. § 25-9-8(b)

Based upon the facts and circumstances presented in this case, the Commission finds that Respondent committed the Violations.

PENALTIES

Pursuant to O.C.G.A. § 25-9-13(h)(7), the Commission has the authority to impose a civil penalty not exceeding $10,000.00 for each violation of the Act, if it is proven that any person violated any provision of the Act as a result of a failure to exercise reasonable care.

WHEREFORE IT IS ORDERED, that pursuant to O.C.G.A § 25-9-13(h)(7), a civil penalty in the amount of **$16,000** be imposed against Respondent for failure to exercise reasonable care when excavating with mechanized equipment in violation of O.C.G.A. §§ 25-9-8(a) and 25-9-8(b). Respondent shall pay such civil penalty to the Commission, in certified funds, within thirty (30) days from the date of this Order.

ORDERED FURTHER, that Respondent may mitigate $12,000 of the civil penalty ordered in this case by a minimum of five (5) employees completing a Commission-approved damage prevention training course within forty-five (45) days from the date of this Order.

ORDERED FURTHER, that all findings, conclusions and decisions contained within the preceding sections of this Order are hereby adopted as findings of fact, conclusions of law, and decisions of regulatory policy of this Commission.

ORDERED FURTHER, that any motion for reconsideration, rehearing or oral argument or any other motion shall not stay the effective date of this Order, unless otherwise ordered by this Commission.

ORDERED FURTHER, that jurisdiction over this matter is expressly retained for the purpose of entering such further Order or Orders as this Commission may deem just and proper.

The above by action of the Commission in Administrative Session on the 17th day of November 2022.

You are receiving the attached information because our office (The Georgia Public Service Commission/ Facilities Protection Division) has been notified by a utility owner or operator that you have damaged their facility and have been submitted as having possibly violated one or more parts of the GA Dig Law.

What is the GA Dig Law (also known as The Georgia Utility Facility Protection Act (GUFPA))?

The Georgia Utility Facility Protection Act (GUFPA), enacted by the General Assembly in July 2000, provides for the protection of the buried utility facility infrastructure within the State of Georgia. Excavators using mechanized equipment are required to call for a utility facility locate prior to excavating with mechanized equipment or blasting. Upon receipt of a locate request, each affected facility owner/operator must locate their respective utility facilities. Violations of the GUFPA are subject to a civil penalty of up to $10,000 each violations. For the full version of the Act please visit our website at www.psc.state.ga.us.

What is the GA Public Service Commission Facilities Protection Division?

We are responsible for the enforcement of the GUFPA Act.

I have paid for the damages to the utility company, why am I getting something from the PSC?

Damages paid for repairs to utility facilities are separate from the civil penalties assessed for violation(s) of GA's Dig Law. Although you may have paid for the damaged utility facility, you are now being assessed a civil penalty for probable violation(s) of the GA Dig Law.

How has an investigation been completed and I was not contacted before now?"

Utility owner/operators are mandated by Commission Rule to report ALL damages to their facilities. Utility owner/operators are to conduct an investigation of the damage and any resulting probable violation(s) prior to submitting the probable violation to the PSC. PSC Staff Investigators will assign each case a number and send out a Notice of Probable Violation ("NOPV") to the Respondent in order to 1) notify the Respondent of the alleged probable violation(s) and 2) request a written response and supporting documents that show a Respondent's side of the story.

I do NOT agree with the probable violation alleged how do I tell my side?

Once you have reviewed the information included in this package you have 30 days from the date listed on the letter to respond in writing, to each alleged probable violation and to provide all evidence you wish to submit in support thereof.

What are my response options?

There are several ways you can respond to the probable violation:

- Send in a written statement by mail, fax, or email of the events as you recall them. Send in any pictures or other documentation you may have along with witness statements if available. Use the questionnaire attached to the NOPV packet as a guide for your written statement.
- If you agree with the investigation please sign and date the attached consent agreement and mail or fax it back to our office.
- Contact our office and speak with your investigator (you must still submit your statement in writing).

What happens after I submit my response?

Your investigator will review your information along with the information that was submitted by the utility owner/operator and will determine/complete their investigation based upon their findings and will contact you either by mail, email, or phone call of their conclusion.

What happens if the investigator still finds me in violation after I have submitted my response and I still do NOT agree?

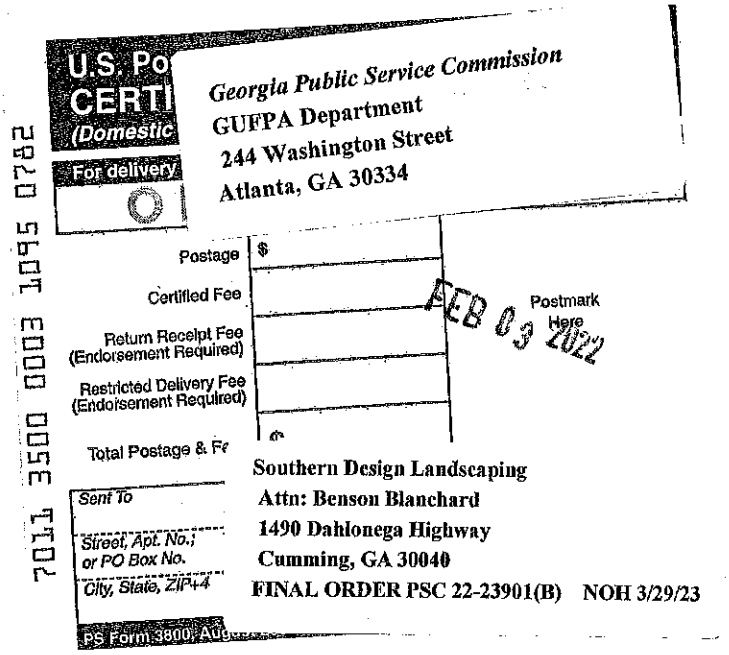

You may request to appear before the GUFPAAC (Georgia Utility Facility Protection Act Advisory Committee). The GUFPAAC is comprised of approx 13 members of industry stakeholders and your peers who will hear and make a recommendation on your case.

What happens if I do NOT respond at all?

After the 30 day response time has expired your case will be set for a *Rule NISI* hearing on the Title 25 probable violations of the Dig Law. Your case will be heard by a hearing officer who will issue a recommended order on the merits of your case. If the hearing officer finds that the probable violation(s) is(are) supported by the evidence, an additional one-thousand dollars will be added to the civil penalty initially recommended by Staff. For Title 25 *Rule Nisis*, the civil penalties cannot exceed $10,000.00 per violation.
