Re: Docket Nos. 13144-U and 13145-U – Request of Georgia Public Web, Inc. for Cancellation of its Certificates of Public Convenience and Necessity, Nos. L-0269 and X-1041

Dear Ms. Tanner:

Georgia Public Web, Inc. (“GPW”) respectfully requests that the Georgia Public Service Commission (“**Commission**”) cancel its certificate to provide competitive local exchange carrier (“**CLEC**”) service and its certificate to provide intrastate interexchange carrier (“**IXC**”) services in the State of Georgia. GPW also requests that the Commission cancel any GPW tariffs still in effect and on file with the Commission.

The Commission originally granted GPW’s certificates in Docket Nos. 13144-U and 13145-U. Its CLEC certificate is Certificate No. L-0269 and its interexchange certificate is Certificate No. X-1041. GPW currently has no customers using its local exchange or interexchange services. There are, therefore, no customers to be notified of this request and cancellation of these certificates will have no adverse consequences for Georgia’s consumers.

If the Commission determines that additional actions are required to cancel these certificates and/or tariffs, GPW respectfully requests that the Commission contact the undersigned and advise regarding any additional required actions.

If you have any questions or would like to discuss this matter, please feel free to contact me at the contact information on this letterhead. Thank you for your assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Charles A. Hudak'.

Charles A. Hudak
