Re: Atlanta Gas Light Company's Petition To Withdraw Igneo (Georgia) LLC as Customer for the Chatham County Project, Add PHA and Seoyon E-Hwa as New Customers, and Reaffirm that the Chatham County Project May Continue as Otherwise Previously Approved
Docket No. 41559, 43510

Dear Madam Chair and Commissioners,

On May 16, 2023, Atlanta Gas Light Company ("AGL" or the "Company") filed a Petition with the Georgia Public Service Commission (the "Commission") in Docket Nos. 41559 and 43510, requesting to amend the Chatham County Project the Commission previously approved in December 2022 as part of AGL's 2023 Annual Universal Service Fund Facilities Expansion Plan. AGL requested the amendment to add two customers to the Chatham County Project in lieu of the customer identified in the Commission's December Order. Through communications with Staff and Commissioners, the Company requested expedited consideration of the Petition to meet the potential customers' requested in-service dates. AGL, Staff, and the Commissioners were prepared to act swiftly to meet the customers' needs and to take up the matter at the Commission's regularly scheduled Committee Meetings.

AGL has since received some information regarding a portion of the estimated gas requirements, and is seeking additional information regarding the customers' requirements and commitments and the requirements and commitments of any future customers at this project site. Therefore, AGL requests that the Commission hold action on the pending Petition until such time as AGL receives information sufficient to support the continuation of the Chatham County Project. AGL commits to keeping the Commission informed and will make any additional filings in the next few weeks.

Thank you for your attention to this matter.

Sincerely yours,

HOLLAND & KNIGHT LLP
