2. The subject trade secret material is the CAF ICC Output Form.
3. The release of this data disadvantage Ringgold by providing its competitors an unfair competitive advantage by disclosing data regarding Ringgold's financial information that is not generally known and would not be readily ascertainable to third parties by any proper means. Ringgold takes all appropriate and legal measures to ensure that such information is disseminated internally only to those with a need to know, and that all public measures are taken to protect the information when it is required to be filed in a public forum.

4. Release of Ringgold's proprietary information to the general public would provide Ringgold's competitors an unfair advantage in a competitive market.
