Ms. Sallie Tanner
Executive Secretary
Georgia Public Service Commission
244 Washington Street, SW
Atlanta, GA 30334-5701

RE: Notice to Commission of Transfer to Affiliates, Docket No. 9355

Dear Ms. Tanner:

In accordance with the Commission's Final Order in Docket No. 9355, Georgia Power Company ("Georgia Power" or the "Company") provides notice to the Georgia Public Service Commission ("Commission") of the Company's intent to sell a portion of the Contractor Application for Time and Expense Entry software application ("CATEE") to Alabama Power Company ("APC") and Mississippi Power Company ("MPC"). Because APC and MPC are affiliates of Georgia Power, notice to the Commission is required. *Order Adopting Modified Stipulation*, Docket No. 9355-U (Dec. 21, 1998) ("Affiliate Transaction Standards"), Attachment 2 at 6, ¶ 15(b). Georgia Power intends to close this transaction in 2023, after the 60-day notice period has run. Approval by the Commission of this transaction is not required.

CATEE is a web-based application developed by Georgia Power and its vendor to expedite and simplify the processing of time and expenses for contract construction and support crews. Georgia Power placed CATEE in service in December 2020.

APC and MPC have expressed an interest in buying in to take advantage of the benefits of CATEE. Georgia Power has agreed to sell a share of CATEE to APC and MPC on a pro rata basis, with the allocation premised on each company's transmission usage: Georgia Power at 53.683%; APC at 37.186%; MPC at 9.131%. The current net book value of CATEE is $136,563. Georgia Power's sale of CATEE shares to APC and MPC will not impact Georgia Power's operations or use of the application.

After the transaction is complete, maintenance and future costs associated with CATEE will be divided among the electric operating companies along ownership percentages, effectively reducing future costs that would otherwise be borne by Georgia Power customers. Any company-specific modifications needed by an individual operating company will be paid for entirely by the benefitting company.

The proposed sale price for this transfer is cost-based because there is no market value to

this application. It was developed internally for Company-use only. The transaction is priced fairly, is in the public interest, and shared ownership will result in savings to Georgia Power's customers.

Please call me at 404-506-3044 if you have any questions regarding this filing.

Sincerely,

/s/ Kelley M. Balkcom
