IN RE: **LIBERTY UTILITIES (PEACH STATE NATURAL GAS) CORP.'s LOCAL GAS TRANSPORTATION SERVICE (CONFORMING GAS) -- SCHEDULE 870 TARIFF**	**Docket No. 42959**

LIBERTY UTILITIES (PEACH STATE NATURAL GAS) CORP.'s PETITION TO ADD A NEW LOCAL GAS TRASPORTATION SERVICE (SCHEDULE 870) TARIFF FOR CONFORMING GAS

Liberty Utilities (Peach State Natural Gas) Corp. ("Liberty" or the "Company") hereby files this Petition with the Georgia Public Service Commission (the "Commission") to Modify its existing Tariff by adding a new Local Gas Transportation Service (Conforming Gas) Schedule 870. The Company also respectfully requests authorization to file conforming changes to other sections of the Company's Tariff (such as the rate summary sheet).

Liberty proposes the attached proposed Schedule 870 following multiple conferences between Staff and the Company. The proposed Schedule 870 will authorize a new local gas intrastate transportation service for gas, including renewable natural gas ("RNG"), produced within Georgia. Also, attached is Service Regulation No. 10 Local Gas Quality Standards, No. 11 General Conditions of Service, a Rate Summary Sheet, and a Table of Contents which compliment the administration of proposed Scheduled 870. This request to provide a new intrastate local gas transportation service offering is made in response to customers' requests, and it recognizes the unique benefits that local gas options provide for economic development, environmental advantages, and supply diversity. Liberty respectfully requests that the new Tariff

provision be approved as soon as practical, and in support thereof states that approval of such a new service offering is key to a potential customer's ability to advance a proposed project.

This new local gas transportation would apply only to gas that meets the gas quality standards as specified from time to time, as being of a quality that can be safely commingled with other gas within Liberty's local distribution system.

Liberty has attached hereto as Exhibit 1 a clean version of the proposed Schedule 870, Exhibit 2 a clean version of Service Regulation No. 10, Exhibit 3a a redline version of Service Regulation No. 11, Exhibit 3b a clean version of Service Regulation No. 11, Exhibit 4a a redline version of the Table of Contents, Exhibit 4b a clean version of the Table of Contents, Exhibit 5a a redline version of the Summary Rate Sheet, Exhibit 5b a clean version of the Summary Rate Sheet, Liberty requests that the Commission approve this addition to its Tariff at the earliest opportunity.

Submitted this 17th day of July, 2023.
