Re: GetGo Communications LLC – Request to Surrender Certificate of Public Convenience and Necessity, and to Withdraw Tariffs

Dear Mr. McAlister,

GetGo Communications LLC (f/k/a Citrix Communications LLC, "GetGo" or "the Company"), through undersigned counsel, hereby requesting that the Georgia Public Service Commission withdraw the Certificate of Convenience and Necessity ("CPCN") #L-0529 (Document #151596) issued in Docket No. 38042 on January 23, 2014 to provide competitive local exchange carrier services and interexchange carrier services, and withdraw any tariffs on record, effective as soon as possible.

GetGo's business model has continued to evolve and develop since its CPCN was originally granted. Today, the Company no longer provides telecommunications services of any kind. Therefore, the CPCN granted by the Commission is no longer necessary.

The public convenience and necessity will not be adversely affected by the action described herein. No customer is currently receiving regulated telecommunications services from the Company, and therefore, no customer will have service interruptions or disconnections. GetGo no longer provides regulated telecommunications services in Georgia. All former customers have already been moved to other providers. GetGo does not serve any residential or mass market consumers, so the thirty-day migration notice period is unnecessary.

To the best of its knowledge, the Company is current on all reporting and fee obligations. Wherefore, GetGo hereby requests cancellation or withdrawal of its Georgia CPCN and tariffs as soon as the Commission can take appropriate administrative action.

Any questions you may have regarding this filing should be directed to my attention at (703) 714-1319 or by email to mpd@commlawgroup.com. Thank you for your assistance in this matter.

Respectfully submitted,

Michael P. Donahue
