Dear Chairwoman Pridemore:

This letter is to request that the Georgia Public Service Commission ("GPSC") notify the Universal Service Administrative Company ("USAC") and the Federal Communications Commission ("FCC") that Coastal Electric Membership Corporation is eligible to receive federal high-cost support in accordance with the above-referenced statute and federal rule.

The amount of federal high-cost and Rural Digital Opportunity Fund ("RDOF") support Coastal Electric Membership Corporation received in 2023 and will receive in 2024 will continue to be used for the services and functionalities outlined in 47 C.F.R. § 54.101(a) and, as the attached affidavit shows Coastal Electric Membership Corporation certifies that it has and will only use the federal high-cost and RDOF support it receives for the provision, maintenance and upgrading of facilities and service for which such support is intended.

This state certification for federal support will be an annual process. In order to receive federal support beginning January 1 of each year, the GPSC must file its annual certification on or before October 1 of the year before.

Coastal Electric Membership Corporation respectfully requests that the GPSC notify the FCC and USAC prior to October 1 of this year that Coastal Electric Membership Corporation is eligible to receive federal high-cost support for 2024.

Sincerely,

Christopher W Fettes
Chief Executive Officer
Coastal Electric Membership Corporation
