RE: PART 4 "IN-SERVICE" CONFIRMATION EXTENSION REQUEST: ST MARYS GA, 912-676-2XXX and 912-676-3XXX

Dear Executive Secretary Tanner:

MCIMETRO ACCESS TRANSMISSION SERVICES LLC – GA OCN 7435 (Verizon) respectfully requests from the Georgia Public Service Commission an additional 90-day extension of time in which to file the Part 4 Confirmation of "in-service" status for NPA-NXX 912-676-2XXX and 912-676-3XXX.

Verizon is experiencing a technical issue delaying network turn up. Phone numbers have been reserved, and there is an identifiable use for these numbering resources for this customer. Verizon therefore respectfully requests an extension in order to fulfill this obligation to serve its customer.

Rate Center: ST MARYS, GA
NPA-NXX-X: 912-676-2XXX and 912-676-3XXX
Assignment Date: 3/31/2023
Part 4 Due Date: 9/30/2023

The Part 4 due date is 9/30/2023. The code was acquired as a growth block, and service orders are in progress but have not yet been completed. Therefore, we are requesting an additional 3-month extension of the Part 4 due date to 12/30/2023, so that the NPA-NXXs in question are not reclaimed. If the code block is reclaimed, it would adversely impact our ability to continue providing service to the affected end-user customers.

Therefore, Verizon respectfully requests an additional 3-month extension to file the Part 4 confirmation of "in-service" status to fulfill our obligation to serve our customer assigned to the NPA-NXX 912-676-2XXX and 3XXX.

If you have any questions or require additional information related to this request, contact me at 817-301-4365 or patricia.kolvitz@verizon.com.

Sincerely,

Patricia Kolvitz
