PROCEDURAL HISTORY

On June 21, 2023, the Georgia Public Service Commission ("Commission") conducted an evidentiary hearing in order to hear and receive evidence of an alleged violation of the Georgia Utilities Facility Protection Act ("GUFPA") by the Respondent, Brooks Construction, Inc.. No appearance was entered by the Respondent at that hearing. Subsequent to the hearing, the Commission entered an order on December 21, 2021 finding that the Respondent's actions had indeed violated O.C.G.A. § 25-9-6(a) and 25-9-8(e) (collectively, the "Violations"). The Commission ordered that the Respondent be assessed a penalty pursuant to O.C.G.A. § 25-9-13(h)(7). A penalty in the amount of $11,000 was ordered and the Respondent was provided an opportunity to mitigate $8,000 of the penalty by completing a Commission approved damage prevention training program (the "Original Civil Penalty").

On March 7, 2023, the Commission issued a Procedural and Scheduling Order to address Respondents failure to have complied with the Commission's Final Orders dated. Specifically, the Commission asserted the following:

1. The Commission has the power and authority to enforce the provisions of O.C.G.A. T46, Ch 2-91.
2. The Commission issued Orders on December 21, 2021, requiring payment of a civil penalty and/or completion of a damage prevention-training program for Respondent committing the Violations. Respondent has neither paid the civil penalty nor completed a damage prevention course, thus violating the terms of the Order issued by the Commission.

A proceeding was held in accordance with O.C.G.A. § 46-2-91 on June 21, 2023.

FINDINGS AND CONCLUSIONS

Based upon the testimony of all witnesses, the documentary evidence at the evidentiary hearing, and an assessment of the credibility of the witnesses and evidence at this proceeding, the Commission hereby makes the following findings of fact and conclusions of law with respect to the issues involved in this case:

Ms. Morgan Mitchell testified in this proceeding on behalf of Commission Staff. Ms. Mitchell is the assistant to the GUFPA Program Managers for the Commission's Pipeline and Facilities Safety Section and is generally responsible for the delivery of consent agreements, Notice of Hearings, and Final Orders to probable violators of the GUFPA and/or O.C.G.A. § 46-2-91.

During the hearing Staff entered Exhibits 3 and 4 into evidence. Exhibit 3 was a chart that detailed information regarding the Final Order, Notice of Hearing and the date of service for both the Final Order and Notice of Hearing. Exhibit 4 included copies of the Final Order, Notice of Hearing and supporting documents for the date of service for both the Final Order and Notice of Hearing.

On December 21, 2021, the Commission issued a Final Order in this docket finding that the Respondent committed the Violations, and provided Respondent thirty (30) days from the date of the Final Order to pay the Original Civil Penalty.

Ms. Mitchell testified that the Commission's Final Order was mailed to Respondents by regular mail. Per Ms. Mitchell, the regular mail copy of the Final Order was not returned.

Ms. Mitchell testified that as of the date of this proceeding, Respondents had failed to comply with the Order of the Commission in this Docket. Specifically, Respondents had failed to pay the penalty and/or to mitigate a portion thereof through damage prevention training class and further, Respondents had not given any adequate explanation therefor.

Ms. Mitchell testified that Respondents were provided notice of this proceeding by both regular and certified mail. The certified mail receipt and signed return receipt indicating the delivery of the Notice of Hearing and Procedural and Scheduling Order for this proceeding were entered into evidence as part of Staff Exhibit #4. Per Ms. Mitchell, the regular mail copy of the Notice of Hearing was not returned.

As of the date of this proceeding, Respondents had not given any adequate explanation for having failed to comply with the Commission's Final Order of December 21, 2021.

Based upon the facts and circumstances presented in this case, and in accordance with O.C.G.A. § 46-2-91(b), the Commission finds that Respondents have failed to comply with a lawful Order of this Commission.

PENALTIES

Pursuant to O.C.G.A. § 46-2-91(a), the Commission has authority to impose a civil penalty not exceeding $15,000.00 for such violation of a Commission Order and an additional penalty not to exceed $10,000 for each day during which such violation continues. The Commission concludes that it is appropriate to impose a civil penalty against Respondents in the amount of **fifteen thousand dollars ($15,000)** for violation of O.C.G.A. § 46-2-91(a). This penalty is *in addition to* the Original Civil Penalty.

WHEREFORE IT IS ORDERED, that pursuant to O.C.G.A. § 46-2-91(a) The Commission concludes that it is appropriate to impose a civil penalty against Respondents in the amount of **fifteen thousand dollars ($15,000)** for violation of O.C.G.A. § 46-2-91(a). Respondents shall pay such civil penalty to the Commission, in certified funds, within thirty (30) days from the date of this Order.

ORDERED FURTHER, this penalty is *in addition to* those penalties already assessed by previous Commission Orders in this Docket.

ORDERED FURTHER, all findings, conclusions, and decisions contained within the preceding sections of this Order are hereby adopted as findings of fact, conclusions of law, and decisions of regulatory policy of this Commission.

ORDERED FURTHER, any motion for reconsideration, rehearing or oral argument, or any other motion shall not stay the effective date of this Order, unless otherwise ordered by this Commission.

ORDERED FURTHER, jurisdiction over this matter is expressly retained for the purpose of entering such further Order or Orders as this Commission may deem just and proper.

The above by action of the Commission in Administrative Session on the 5TH day of September 2023.

Case Nos. 20-18522 **DOCKET NO. 43384**

Brooks Construction, Inc.;

FINAL ORDER

DOCKET# 43384
DOCUMENT# 188605

APPEARANCES:

Georgia Public Service Commission Staff: Alexander C. D[illegible]

Brooks Construction, Inc.: No appearance

PROCEDURAL HISTORY

On January 7, 2019, while working at 436 Ellison Road, Tyrone, **Brooks Construction, Inc.** ("Respondent") caused damage to a utility facility while using mechanized equipment. Following its investigation of this incident, Commission Staff determined that the Respondent was in violation of O.C.G.A. §§ 25-9-6(a) and 25-9-8(e) (the "Violations") and recommended, through Consent Agreement, that Respondent be assessed a $10,000 civil penalty with the ability to mitigate $8,000 by completing a Commission approved damage prevention training program.

On May 4, 2021, the Commission issued a Notice of Hearing and Procedural and Scheduling Order. Respondent was advised that a hearing would be held for the purpose of hearing evidence regarding the Violations and that, if proven, such Violations may result in the imposition of a civil penalty as provided by law.

On August 18, 2021, a hearing was conducted in this Docket, at which time the Commission's Hearing Officer heard testimony from Staff witnesses. Staff entered two exhibits into evidence. Exhibit 1 was a chart that detailed information regarding: the incident date and location, violation cited, terms of Consent Agreement, date of service for both Consent Agreement and Notice of Hearing, and status of certified mail return receipt for Notice of Hearing. Exhibit 2 included copies of: The Notice of Probable Violation, Incident Investigation Report, Consent Agreement, Notice of Hearing and Procedural and Scheduling Order, Certified Mail Return

Receipt and other supporting documentation. At the hearing, several issues were presented for determination, including whether Respondent committed the Violations and whether the Respondent should be penalized pursuant to O.C.G.A § 25-9-13(h)(7) in an amount of up to $10,000.00 for each violation. While Respondent initially responded to attempts to settle, they failed to appear for the hearing.

FINDINGS AND CONCLUSIONS

Staff witnesses Onterio Johnson and Marilyn Morris-Simmons testified at the proceeding. Mr. Johnson is a Commission GUFPA investigator and is generally responsible for investigating notices of probable violation of the Act. Ms. Morris-Simmons is the assistant to the GUFPA Program and Assistant Program Managers, and is generally responsible for the delivery of consent agreements, Notice of Hearings, and Final Orders to probable violators of GUFPA and O.C.G.A. § 46-2-91. Mr. Johnson submitted a detailed copy of his report of the investigation. Based on the probable violation damage reports filed by the utility and upon further investigation into the matter, Mr. Johnson determined that:

1. Respondent failed to contact the UPC before commencing excavation or blasting with mechanized equipment in violation of O.C.G.A. § 25-9-6(a); and
2. Respondent failed to notify both the UPC and the affected facility owner/operator after a damage occurs in violation of O.C.G.A. § 25-9-8(e).

Based upon the facts and circumstances presented in this case, the Commission finds that Respondent committed the Violations.

PENALTIES

Pursuant to O.C.G.A. § 25-9-13(h)(7), the Commission has the authority to impose a civil penalty not exceeding $10,000.00 for each violation of the Act, if it is proven that any person violated any provision of the Act as a result of a failure to exercise reasonable care.

WHEREFORE IT IS ORDERED, that pursuant to O.C.G.A § 25-9-13(h)(7), a civil penalty in the amount of **$11,000** be imposed against Respondent for failure to exercise reasonable care when excavating with mechanized equipment in violation of O.C.G.A. §§ 25-9-6(a) and 25-9-8(e). Respondent shall pay such civil penalty to the Commission, in certified funds, within thirty (30) days from the date of this Order.

ORDERED FURTHER, that Respondent may mitigate $8,000 of the civil penalty ordered in this case by a minimum of five (5) employees completing a Commission-approved damage prevention training course within forty-five (45) days from the date of this Order.

ORDERED FURTHER, that all findings, conclusions and decisions contained within the preceding sections of this Order are hereby adopted as findings of fact, conclusions of law, and decisions of regulatory policy of this Commission.

ORDERED FURTHER, that any motion for reconsideration, rehearing or oral argument or any other motion shall not stay the effective date of this Order, unless otherwise ordered by this Commission.

ORDERED FURTHER, that jurisdiction over this matter is expressly retained for the purpose of entering such further Order or Orders as this Commission may deem just and proper.

The above by action of the Commission in Administrative Session on the 21st day of December 2021.

INVESTIGATION:

Staff from the Facilities Protection Unit of the Georgia Public Service Commission received a notice of probable violation from Atlanta Gas Light regarding the damage that occurred at 436 Ellison Road, Tyrone, Georgia on January 7, 2019. The submitted Atlanta Gas Light damage report indicates Brooks Construction, Inc. caused damage to a 1 ¼" plastic gas service line. According to the report, the contractor was excavating with a backhoe when they struck and damaged an unmarked buried gas service facility. GEORGIA DIG LAW

NOTICE OF PROBABLE VIOLATION

EXHIBIT 2

Why you are receiving this letter?

You are receiving the attached information because our office (The Georgia Public Service Commission/ Facilities Protection Division) has been notified by a utility owner or operator that you have damaged their facility and have been submitted as having possibly violated one or more parts of the GA Dig Law.

What is the GA Dig Law (also known as The Georgia Utility Facility Protection Act (GUFPA))?

The Georgia Utility Facility Protection Act (GUFPA), enacted by the General Assembly in July 2000, provides for the protection of the buried utility facility infrastructure within the State of Georgia. Excavators using mechanized equipment are required to call for a utility facility locate prior to excavating with mechanized equipment or blasting. Upon receipt of a locate request, each affected facility owner/operator must locate their respective utility facilities. Violations of the GUFPA are subject to a civil penalty of up to $10,000 each violations. For the full version of the Act please visit our website at www.psc.state.ga.us.

What is the GA Public Service Commission Facilities Protection Division?

We are responsible for the enforcement of the GUFPA Act.

I have paid for the damages to the utility company, why am I getting something from the PSC?

Damages paid for repairs to utility facilities are separate from the civil penalties assessed for violation(s) of GA's Dig Law. Although you may have paid for the damaged utility facility, you are now being assessed a civil penalty for probable violation(s) of the GA Dig Law.

How has an investigation been completed and I was not contacted before now?"

Utility owner/operators are mandated by Commission Rule to report ALL damages to their facilities. Utility owner/operators are to conduct an investigation of the damage and any resulting probable violation(s) prior to submitting the probable violation to the PSC. PSC Staff Investigators will assign each case a number and send out a Notice of Probable Violation ("NOPV") to the Respondent in order to 1) notify the Respondent of the alleged probable violation(s) and 2) request a written response and supporting documents that show a Respondent's side of the story.

I do NOT agree with the probable violation alleged how do I tell my side?

Once you have reviewed the information included in this package you have 30 days from the date listed on the letter to respond in writing, to each alleged probable violation and to provide all evidence you wish to submit in support thereof.

What are my response options?

There are several ways you can respond to the probable violation:

- Send in a written statement by mail, fax, or email of the events as you recall them. Send in any pictures or other documentation you may have along with witness statements if available. Use the questionnaire attached to the NOPV packet as a guide for your written statement.
- If you agree with the investigation please sign and date the attached consent agreement and mail or fax it back to our office.
- Contact our office and speak with your investigator (you must still submit your statement in writing).

What happens after I submit my response?

Your investigator will review your information along with the information that was submitted by the utility owner/operator and will determine/complete their investigation based upon their findings and will contact you either by mail, email, or phone call of their conclusion.

What happens if the investigator still finds me in violation after I have submitted my response and I still do NOT agree?

You may request to appear before the GUFPAAC (Georgia Utility Facility Protection Act Advisory Committee). The GUFPAAC is comprised of approx 13 members of industry stakeholders and your peers who will hear and make a recommendation on your case.

What happens if I do NOT respond at all?

After the 30 day response time has expired your case will be set for a *Rule NISI* hearing on the Title 25 probable violations of the Dig Law. Your case will be heard by a hearing officer who will issue a recommended order on the merits of your case. If the hearing officer finds that the probable violation(s) is(are) supported by the evidence, an additional one-thousand dollars will be added to the civil penalty initially recommended by Staff. For Title 25 *Rule Nisis*, the civil penalties cannot exceed $10,000.00 per violation.

Case Nos. 20-18522 **DOCKET NO. 43384**

Brooks Construction, Inc.;

FINAL ORDER

DOCKET# 43384
DOCUMENT# 188605

APPEARANCES:

Georgia Public Service Commission Staff: Alexander C. D

Brooks Construction, Inc.: No appearance

PROCEDURAL HISTORY

On January 7, 2019, while working at 436 Ellison Road, Tyrone, **Brooks Construction, Inc.** ("Respondent") caused damage to a utility facility while using mechanized equipment. Following its investigation of this incident, Commission Staff determined that the Respondent was in violation of O.C.G.A. §§ 25-9-6(a) and 25-9-8(e) (the "Violations") and recommended, through Consent Agreement, that Respondent be assessed a $10,000 civil penalty with the ability to mitigate $8,000 by completing a Commission approved damage prevention training program.

On May 4, 2021, the Commission issued a Notice of Hearing and Procedural and Scheduling Order. Respondent was advised that a hearing would be held for the purpose of hearing evidence regarding the Violations and that, if proven, such Violations may result in the imposition of a civil penalty as provided by law.

On August 18, 2021, a hearing was conducted in this Docket, at which time the Commission's Hearing Officer heard testimony from Staff witnesses. Staff entered two exhibits into evidence. Exhibit 1 was a chart that detailed information regarding: the incident date and location, violation cited, terms of Consent Agreement, date of service for both Consent Agreement and Notice of Hearing, and status of certified mail return receipt for Notice of Hearing. Exhibit 2 included copies of: The Notice of Probable Violation, Incident Investigation Report, Consent Agreement, Notice of Hearing and Procedural and Scheduling Order, Certified Mail Return

Receipt and other supporting documentation. At the hearing, several issues were presented for determination, including whether Respondent committed the Violations and whether the Respondent should be penalized pursuant to O.C.G.A § 25-9-13(h)(7) in an amount of up to $10,000.00 for each violation. While Respondent initially responded to attempts to settle, they failed to appear for the hearing.

FINDINGS AND CONCLUSIONS

Staff witnesses Onterio Johnson and Marilyn Morris-Simmons testified at the proceeding. Mr. Johnson is a Commission GUFPA investigator and is generally responsible for investigating notices of probable violation of the Act. Ms. Morris-Simmons is the assistant to the GUFPA Program and Assistant Program Managers, and is generally responsible for the delivery of consent agreements, Notice of Hearings, and Final Orders to probable violators of GUFPA and O.C.G.A. § 46-2-91. Mr. Johnson submitted a detailed copy of his report of the investigation. Based on the probable violation damage reports filed by the utility and upon further investigation into the matter, Mr. Johnson determined that:

1. Respondent failed to contact the UPC before commencing excavation or blasting with mechanized equipment in violation of O.C.G.A. § 25-9-6(a); and
2. Respondent failed to notify both the UPC and the affected facility owner/operator after a damage occurs in violation of O.C.G.A. § 25-9-8(e).

Based upon the facts and circumstances presented in this case, the Commission finds that Respondent committed the Violations.

PENALTIES

Pursuant to O.C.G.A. § 25-9-13(h)(7), the Commission has the authority to impose a civil penalty not exceeding $10,000.00 for each violation of the Act, if it is proven that any person violated any provision of the Act as a result of a failure to exercise reasonable care.

WHEREFORE IT IS ORDERED, that pursuant to O.C.G.A § 25-9-13(h)(7), a civil penalty in the amount of **$11,000** be imposed against Respondent for failure to exercise reasonable care when excavating with mechanized equipment in violation of O.C.G.A. §§ 25-9-6(a) and 25-9-8(e). Respondent shall pay such civil penalty to the Commission, in certified funds, within thirty (30) days from the date of this Order.

ORDERED FURTHER, that Respondent may mitigate $8,000 of the civil penalty ordered in this case by a minimum of five (5) employees completing a Commission-approved damage prevention training course within forty-five (45) days from the date of this Order.

ORDERED FURTHER, that all findings, conclusions and decisions contained within the preceding sections of this Order are hereby adopted as findings of fact, conclusions of law, and decisions of regulatory policy of this Commission.

ORDERED FURTHER, that any motion for reconsideration, rehearing or oral argument or any other motion shall not stay the effective date of this Order, unless otherwise ordered by this Commission.

ORDERED FURTHER, that jurisdiction over this matter is expressly retained for the purpose of entering such further Order or Orders as this Commission may deem just and proper.

RECOMMENDED FINAL ORDER

APPEARANCES:

Georgia Public Service Commission Staff: Alexander C. Davis

Brooks Construction, Inc.: No appearance

PROCEDURAL HISTORY

On January 7, 2019, while working at 436 Ellison Road, Tyrone, **Brooks Construction, Inc.** ("Respondent") caused damage to a utility facility while using mechanized equipment. Following its investigation of this incident, Commission Staff determined that the Respondent was in violation of O.C.G.A. §§ 25-9-6(a) and 25-9-8(e) (the "Violations") and recommended, through Consent Agreement, that Respondent be assessed a $10,000 civil penalty with the ability to mitigate $8,000 by completing a Commission approved damage prevention training program.

On May 4, 2021, the Commission issued a Notice of Hearing and Procedural and Scheduling Order. Respondent was advised that a hearing would be held for the purpose of hearing evidence regarding the Violations and that, if proven, such Violations may result in the imposition of a civil penalty as provided by law.

On August 18, 2021, a hearing was conducted in this Docket, at which time the Commission's Hearing Officer heard testimony from Staff witnesses. Staff entered two exhibits into evidence. Exhibit 1 was a chart that detailed information regarding: the incident date and location, violation cited, terms of Consent Agreement, date of service for both Consent Agreement and Notice of Hearing, and status of certified mail return receipt for Notice of Hearing. Exhibit 2 included copies of: The Notice of Probable Violation, Incident Investigation Report, Consent Agreement, Notice of Hearing and Procedural and Scheduling Order, Certified Mail Return

Receipt and other supporting documentation. At the hearing, several issues were presented for determination, including whether Respondent committed the Violations and whether the Respondent should be penalized pursuant to O.C.G.A § 25-9-13(h)(7) in an amount of up to $10,000.00 for each violation. While Respondent initially responded to attempts to settle, they failed to appear for the hearing.

FINDINGS AND CONCLUSIONS

Staff witnesses Onterio Johnson and Marilyn Morris-Simmons testified at the proceeding. Mr. Johnson is a Commission GUFPA investigator and is generally responsible for investigating notices of probable violation of the Act. Ms. Morris-Simmons is the assistant to the GUFPA Program and Assistant Program Managers, and is generally responsible for the delivery of consent agreements, Notice of Hearings, and Final Orders to probable violators of GUFPA and O.C.G.A. § 46-2-91. Mr. Johnson submitted a detailed copy of his report of the investigation. Based on the probable violation damage reports filed by the utility and upon further investigation into the matter, Mr. Johnson determined that:

1. Respondent failed to contact the UPC before commencing excavation or blasting with mechanized equipment in violation of O.C.G.A. § 25-9-6(a); and
2. Respondent failed to notify both the UPC and the affected facility owner/operator after a damage occurs in violation of O.C.G.A. § 25-9-8(e).

Based upon the facts and circumstances presented in this case, the Commission finds that Respondent committed the Violations.

PENALTIES

Pursuant to O.C.G.A. § 25-9-13(h)(7), the Commission has the authority to impose a civil penalty not exceeding $10,000.00 for each violation of the Act, if it is proven that any person violated any provision of the Act as a result of a failure to exercise reasonable care.

WHEREFORE IT IS ORDERED, that pursuant to O.C.G.A § 25-9-13(h)(7), a civil penalty in the amount of **$11,000** be imposed against Respondent for failure to exercise reasonable care when excavating with mechanized equipment in violation of O.C.G.A. §§ 25-9-6(a) and 25-9-8(e). Respondent shall pay such civil penalty to the Commission, in certified funds, within thirty (30) days from the date of this Order.

ORDERED FURTHER, that Respondent may mitigate $8,000 of the civil penalty ordered in this case by a minimum of five (5) employees completing a Commission-approved damage prevention training course within forty-five (45) days from the date of this Order.

ORDERED FURTHER, that all findings, conclusions and decisions contained within the preceding sections of this Order are hereby adopted as findings of fact, conclusions of law, and decisions of regulatory policy of this Commission.

EXHIBIT 4

ORDERED FURTHER, that any motion for reconsideration, rehearing or oral argument or any other motion shall not stay the effective date of this Order, unless otherwise ordered by this Commission.

ORDERED FURTHER, that jurisdiction over this matter is expressly retained for the purpose of entering such further Order or Orders as this Commission may deem just and proper.

The above by action of the Commission in Administrative Session on the __ day of _____ 2021.

GEORGIA DIG LAW

NOTICE OF PROBABLE VIOLATION

EXHIBIT 2

Why you are receiving this letter?

You are receiving the attached information because our office (The Georgia Public Service Commission/ Facilities Protection Division) has been notified by a utility owner or operator that you have damaged their facility and have been submitted as having possibly violated one or more parts of the GA Dig Law.

What is the GA Dig Law (also known as The Georgia Utility Facility Protection Act (GUFPA))?

The Georgia Utility Facility Protection Act (GUFPA), enacted by the General Assembly in July 2000, provides for the protection of the buried utility facility infrastructure within the State of Georgia. Excavators using mechanized equipment are required to call for a utility facility locate prior to excavating with mechanized equipment or blasting. Upon receipt of a locate request, each affected facility owner/operator must locate their respective utility facilities. Violations of the GUFPA are subject to a civil penalty of up to $10,000 each violations. For the full version of the Act please visit our website at www.psc.state.ga.us.

What is the GA Public Service Commission Facilities Protection Division?

We are responsible for the enforcement of the GUFPA Act.

I have paid for the damages to the utility company, why am I getting something from the PSC?

Damages paid for repairs to utility facilities are separate from the civil penalties assessed for violation(s) of GA's Dig Law. Although you may have paid for the damaged utility facility, you are now being assessed a civil penalty for probable violation(s) of the GA Dig Law.

How has an investigation been completed and I was not contacted before now?"

Utility owner/operators are mandated by Commission Rule to report ALL damages to their facilities. Utility owner/operators are to conduct an investigation of the damage and any resulting probable violation(s) prior to submitting the probable violation to the PSC. PSC Staff Investigators will assign each case a number and send out a Notice of Probable Violation ("NOPV") to the Respondent in order to 1) notify the Respondent of the alleged probable violation(s) and 2) request a written response and supporting documents that show a Respondent's side of the story.

I do NOT agree with the probable violation alleged how do I tell my side?

Once you have reviewed the information included in this package you have 30 days from the date listed on the letter to respond in writing, to each alleged probable violation and to provide all evidence you wish to submit in support thereof.

What are my response options?

There are several ways you can respond to the probable violation:

- Send in a written statement by mail, fax, or email of the events as you recall them. Send in any pictures or other documentation you may have along with witness statements if available. Use the questionnaire attached to the NOPV packet as a guide for your written statement.
- If you agree with the investigation please sign and date the attached consent agreement and mail or fax it back to our office.
- Contact our office and speak with your investigator (you must still submit your statement in writing).

What happens after I submit my response?

Your investigator will review your information along with the information that was submitted by the utility owner/operator and will determine/complete their investigation based upon their findings and will contact you either by mail, email, or phone call of their conclusion.

What happens if the investigator still finds me in violation after I have submitted my response and I still do NOT agree?

You may request to appear before the GUFPAAC (Georgia Utility Facility Protection Act Advisory Committee). The GUFPAAC is comprised of approx 13 members of industry stakeholders and your peers who will hear and make a recommendation on your case.

What happens if I do NOT respond at all?

After the 30 day response time has expired your case will be set for a *Rule NISI* hearing on the Title 25 probable violations of the Dig Law. Your case will be heard by a hearing officer who will issue a recommended order on the merits of your case. If the hearing officer finds that the probable violation(s) is(are) supported by the evidence, an additional one-thousand dollars will be added to the civil penalty initially recommended by Staff. For Title 25 *Rule Nisis*, the civil penalties cannot exceed $10,000.00 per violation.
