IN RE: **ATLANTA GAS LIGHT COMPANY'S 2023 USF FACILITIES EXPANSION PLAN**	**Docket No. 43510**

ATLANTA GAS LIGHT COMPANY'S AMENDED PETITION TO AMEND THE 2023 UNIVERSAL SERVICE FUND FACILITIES EXPANSION PLAN TO INCLUDE PROJECT IN JACKSON COUNTY

Atlanta Gas Light Company ("AGL" or "Company") respectfully submits this Amended Petition to the Georgia Public Service Commission (the "Commission"), requesting to amend AGL's 2023 Universal Service Fund ("USF") Facilities Expansion Plan ("2023 Plan") to include a project in Jackson County. AGL incorporates by reference the Minimum Filing Requirements ("MFRs") filed in the above-referenced docket on September 1, 2022 and the amended MFRs filed on October 14, 2022, November 18, 2022, and September 19, 2023. AGL files this Amended Petition to correct Amended MFR-1 and to add the address of Heroes Elementary School to the Petition, at the request of Commission Staff. Amended MFR-1 is attached hereto as Exhibit A.

AGL filed its 2023 Plan for Commission consideration in Docket No. 43510 on September 1, 2022. As part of the 2023 Plan, AGL proposed to extend natural gas facilities with support from the USF within Glynn, Henry, Cherokee, Chatham, Wheeler (the Alamo Project), and Baldwin counties as part of its 2023 Plan. AGL filed an amendment to the 2023 Plan on October 14, 2022[1]

[1] The Amended Petition divided the Wheeler (Alamo) County Segment 3 project into two phases to give the Commission the option of further segmenting the project. Additionally, the Amended Petition added the Brantley County project giving the Commission the option to serve the project from Glynn County to the east or Ware County to the west. Lastly, the Amended Petition corrected a calculation error included in MFR-6 Cost to Serve that was filed on September 1, 2022 and removed references to project cost estimates in MFR-7 Project Technical Analyses also filed on September 1, 2022.

and a second amendment to the 2023 Plan on November 18, 2022.[2]

The Commission issued an Order on December 13, 2022 approving the Chatham County Project and the Alamo Segment 3 Project of the 2023 Plan. Under the Commission's Order, AGL is to recover the estimated $28,126,896 for the Chatham County Project[3] in the following manner: $9,344,095 from the USF, $6,533,000 from ECON-1 tariff funds available under the $15 million cap from calendar year 2022, and the balance of $12,249,801 from ECON-1 tariff funds under the $15 million cap from calendar year 2023. Under the Commission's Order, AGL is to recover the estimated $16,904,062 for the Alamo Segment 3 Project from the USF. The unencumbered funds remaining in the 2023 USF is $2,725,159.

AGL requests that the Commission amend the 2023 Plan to include a project in Jackson County. Under the proposed Jackson County Project, AGL would serve a new elementary school, Heroes Elementary School, located at 4001 GA Hwy 332 in Jackson County, Georgia. The Jackson County Board of Education plans to open Heroes Elementary School in August 2024 for the 2024-2025 school year. To serve this customer, AGL proposes to tie-into existing 4" plastic main on Skelton Road (MAOP 60 psi) and install approximately 2,050 feet of 4" plastic main (MAOP 60 psi) along New Skelton Road and an approximate 250 foot 2" plastic service to serve the facility.

AGL requests to fund the project with unencumbered funds from the 2023 USF, or in the alternative, to use a portion of the USF to cover the customer's Contribution In Aid of Construction ("CIAC"). The total estimated cost to serve this customer is $130,000. Per the typical Rule 8 process, AGL created a BCA for this project that generated a Total Allowable Investment to the

[2] The Second Amended Petition requested that the Commission approve the Wheeler (Alamo) County Segment 3 project as one project to be completed in totality instead of dividing the project into two phases.

[3] On May 16, 2023, AGL filed a petition to withdraw Igneo (Georgia) LLC as the customer for the Chatham County Project and replace it with PHA and Seoyon E-Hwa as new customers, and reaffirm that the Chatham County Project may continue as otherwise approved. This petition is still pending per AGL's request. AGL will file an update on or before October 1, 2023.

customer of $52,522.00. This resulting CIAC based on the estimated cost to serve is $77,478.00. The BCA is attached hereto as Exhibit B.

The Company has determined that the proposed amendment to the 2023 Plan is in the public interest. Therefore, AGL requests approval of an amendment to the 2023 Plan to include the Jackson County Project or to approve an amendment to the 2023 Plan to cover the cost of the customer's CIAC for the Jackson County Project.

Respectfully submitted this 16th day of November 2023.
