RE: Docket 25471 – FireSide Natural Gas, LLC's Response to Staff's Twentieth (20th) Set of Data Requests

Dear Ms. Tanner:

Enclosed for filing is FireSide Natural Gas, LLC's verified response to the Staff's 20th Set of Data Requests filed as Trade Secret and Public Disclosure. FireSide's response is filed electronically in Excel and Word formats. Pursuant to the Commission's guidelines, Commission Rule 515-2-1.04, one (1) trade secret version is filed on a CD ROM along with the public disclosure version which is attached to this cover letter and filed using the Commission's eFile system.

All the information provided by FireSide to Staff's 20th Set of Data Requests is highly proprietary business and financial information, and the disclosure of such information could create a competitive advantage for other natural gas marketers. FireSide takes reasonable measures to preserve the confidentiality of this information, and it is therefore filed under Trade Secret protection.

Thank you very much for your assistance and please call if you have any questions.

Best regards,

Robert B. Baker
