Docket No. 3951-U

Pipe line
Certificate No. 151

In Re: Application of the City of Buford, Georgia for change in Certificate of Public Convenience and Necessity.

ORDER AND CERTIFICATE
OF
PUBLIC CONVENIENCE AND NECESSITY

BARROW COUNTY

BY THE COMMISSION:

The City of Buford (the City) received a Pipeline Certificate No. 15 for Hall and Walton Counties under the "Grandfather Clause". September 13, 1961, Amendment No. 1 to pipeline Certificate No. 15 was issued to allow the construction and operation of a natural gas transmission pipeline to serve the cities of Auburn and Carl in Barrow County. Then, in August 1966, the Commission cancelled Pipeline Certificate No. 15 and issued Distribution System Certificate No. 121 authorizing a gas distribution system in Hall County.

The City of Buford has expanded its city limits so that it now extends into Hall County. Consequently, the city does not need a certificate in Hall County.

Therefore, in Administrative Session on October 2, 1990 the city's certificate situation was corrected.

Wherefore, it is

ORDERED: that Distribution System Certificate of Public Convenience and Necessity No. 121 issued to the City of Buford is rescinded.

ORDERED FURTHER: that Pipe Line Certificate of Public Convenience and Necessity No. 151, is hereby issued to the City of Buford authorizing construction and operation of a gas pipe line in the area encompassed by the certificate boundary line or more fully set forth and indicated by appropriate markings on a map of Barrow County attached and made a part hereof.

ORDERED FURTHER: that jurisdiction is retained of this matter by the Commission for the purpose of entering such further order or orders as the Commission may deem meet and proper.

The above by Order of the Georgia Public service Commission in Administrative Session on October 2, 1990. Please acknowledge receipt, take due notice, and be governed accordingly.
