Amended MFR 5

Atlanta Gas Light – Docket 43510
2023 Universal Service Fund
Facilities Expansion Plan
Minimum Filing Requirements

Per Commission Rule 515-7-5-.07, the EDC shall include the following minimum filing requirements in its Annual USF Facilities Expansion Plan filing:

	(e) Provide economic development data related to the project(s) to include, if available, capital investment by a natural gas customer or potential customers in land, builders, equipment, natural gas equipment, and training, the number of jobs that will be created as a result of natural gas service, and the estimated annual payroll of the new customer. The economic development data can discuss known growth in the project area(s), such as known residential and commercial developments.

Lowndes – Project Forage

Name of Company(s)	**Walmart**
Capital investment by Company(s)	Approximately $350 million.
Jobs created	~400
