Blue Ridge Telephone Company
7.5 - Support for Basic Residential Local Rates

The Company has not increased all of its local tariff rates to the maximum allowable under the Commission's Order in Docket number 32235-U dated November 23, 2010. For any basic local service where the Company's rate is lower than the maximum allowable rate, the Company has imputed revenues up to the maximum allowable rate as shown in Tab 7.6 which reduces the UAF test year revenue requirement.
