RINGGOLD'S STATEMENT FOR TRADE SECRET PROTECTION

Ringgold Telephone Company ("Ringgold") hereby files this Statement for Trade Secret Protection for Ringgold's Cost Study Data, including all associated work papers pursuant to Section 515-3-1-.11 of the Rules of the Georgia Public Service Commission ("PSC"), and states as follows:

1. Rule 515-3-1-.11 requires that a party claiming that information constitutes a trade secret provide, in writing, that basis of this claim. Rule 515-3-1-.11(c) specifically requires that this statement detail (1) the economic benefit derived from the information not being generally known; (2) the economic benefit to others if disclosure were to occur and (3) the procedures utilized to maintain confidentiality. This statement is submitted pursuant to those requirements. Ringgold is submitting this statement in accordance with the Commission's rules requiring submission of cost studies stating expenses and revenues associated with the Universal Access Fund High Cost Applications. The expenses and revenues and other financial information included in these studies are trade secret.

2. The subject trade secret material is the expense and revenue data derived from the conducting cost studies.

3. The release of this expense and revenue information would disadvantage Ringgold by providing its competitors an unfair competitive advantage by disclosing data regarding Ringgold's customers and finances that is not generally known and would not be readily ascertainable to third parties by any proper means. Ringgold takes

all appropriate and legal measures to ensure that such information is disseminated internally only to those with a need to know, and that all public measures are taken to protect the information when it is required to be filed in a public forum.

4. Release of Ringgold's proprietary financial information to the general public would provide Ringgold's competitors an unfair advantage in a competitive market.

This 14th day of December 2023.
