Re: Georgia Power Company's Plant Vogtle Units 3 and 4 Updated Exhibits and Minimum Filing Requirements; Docket No. 29849

Dear Ms. Tanner:

Enclosed for filing please find updated exhibits and supporting Minimum Filing Requirement ("MFR") schedules for Plant Vogtle Units 3 and 4. These exhibits and MFRs update those originally submitted with Georgia Power Company's Application to Adjust Rates to Include Reasonable and Prudent Plant Vogtle Units 3 and 4 Costs on August 30, 2023. Pursuant to the Commission's January 31, 2024, Order Adopting Stipulation in this proceeding, the Company is providing the updated exhibits and MFRs based on an April 2024 in-service date for Vogtle Unit 4.

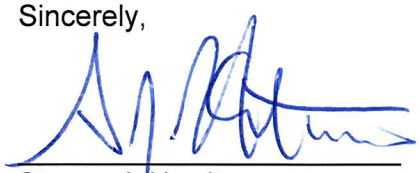

As shown in the exhibits and MFRs, the updated revenue requirement has increased from the estimated $729.5 million calculated in August 2023 to the current projected revenue requirement of $730.0 million. This increase in revenue requirement is driven primarily by the increase in projected cost of capital and O&M expenses, which were mostly offset by a decrease in projected property taxes, compared to the Company's filing in 2023.

In this filing, the Company has updated all base tariffs to accommodate the Commission-approved transition of CWIP into rate base. The Company has also made corresponding reductions to the ECCR and DSM recovery riders to collect the previously approved revenue requirement amounts associated with these programs in the 2024 Compliance Filing. In addition, as part of this rate change, the NCCR recovery rider will cease. Finally, new tariffs with updated prices are included in this filing. The temporary rate adjustment riders will be applied beginning May 1, 2024, to facilitate the proration of the increase on that date. The new tariffs will take effect in May 2024, the month after Unit 4 reaches Commercial Operation, in accordance with the Commission-approved Stipulation in this docket.

This filing contains certain information that is being filed under the trade secret rules of the Commission. Therefore, in addition to the trade secret documents, a redacted version has also been filed.

Please call me at (404) 885-3475 if you have any questions regarding this filing.

Sincerely,

Steven J. Hewitson
