Atlanta, GA 30334-5701

RE: Georgia Power Company's 2029-2031 All-Source Capacity Request for Proposals Docket No. 55268

Dear Ms. Tanner:

In compliance with the Georgia Public Service Commission's (the "Commission") Rules regarding a Request for Proposals ("RFP") and the Commission's July 29, 2022 Order Adopting Stipulation in Georgia Power Company's ("Georgia Power") 2022 Integrated Resource Plan, Docket No. 44160, enclosed for filing are the final drafts of the following documents in support of Georgia Power's All-Source Capacity RFP for 2029-2031:

- All-Source Capacity RFP for 2029-2031
- All-Source Pro Forma Combined Cycle Power Purchase Agreement ("PPA") (New Units)
- All-Source Pro Forma Combustion Turbine PPA (New Units)
- All-Source Pro Forma Energy Storage System ("ESS") with Renewable Resource PPA (New Facility)
- All-Source Pro Forma Standalone ESS PPA (New Facility)
- All-Source Pro Forma Asset Purchase Agreement ("APA")
- All-Source Pro Forma Build Transfer Agreement ("BTA")

Georgia Power will need to conform any awarded APA or BTA to the specific technologies of the applicable bids and, potentially, the seller's organizational structure. Georgia Power will also need to negotiate certain BTA terms specific to the proposed technologies or facilities, such as Seller cancellation payment and performance guarantee liquidated damages. Therefore, if Georgia Power receives APA or BTA bids that advance to the Competitive Tier, Georgia Power will further negotiate specific contract terms and conditions with such APA and BTA bidders, as needed and as overseen by Commission Staff and the Independent Evaluator. However, the substantive contractual terms of the BTA will remain unchanged from the terms of the pro forma contract approved by the Commission.

Georgia Power respectfully requests Commission approval of this All-Source Capacity RFP for 2029-2031 and each of the pro forma contracts identified above. In addition, as described in Georgia Power's March 8, 2024 letter, Georgia Power worked diligently with Commission Staff to

expedite the development of the All-Source Capacity RFP and requests approval of two shortened timelines as exceptions to Commission Rule 515-3-4-.04(3)(c)(3) and 515-3-4-.04(3)(e)(1)(ii).

If you have any questions regarding this filing, please call me at (404) 885-3779.

Sincerely,

Allison W. Pryor
