Notes:

1/ The fuel retention percentages apply only to the forward-haul portion, if any, of a transportation. No fuel will be retained on transportation which does not include a forward-haul movement of gas.

2/ Transportation deliveries to Zone 4B do not entail the forward-haul movement of gas in Zone 4B.

3/ The Zone 4 fuel retention percentage for deliveries to Zones 1, 2 and 3 assumes no forward haul movement in Zone 4.

4/ The Zone 4 fuel retention percentage, which percentage applies to quantities transported from the Zone 4 Pools, is included in the fuel retention percentages for deliveries to Zones 4, 4A, 4B, 5 and 6.

5/ In accordance with Section 3.7 of Rate Schedule FT and Section 3.4 of Rate Schedule IT, transportation from the Clermont NFG receipt point in Zone 6 will be assessed an additional fuel retention percentage of 1.09% for third party lease fuel.

6/ The Zone 4A fuel retention percentage, which percentage applies to quantities transported from the Station 85 Zone 4A Pool, is included in the fuel retention percentages shown.
