Atlanta GA 30303

DOCKET NO: 45141
Case NO: PSC 24-26358

Attention: Chris T. Defnall

On March 14,2024, a Notice of Probable Violation ("NOPV") of the Georgia Underground Facilities Protection Act ("GUFPA" or "the Act") was filed with the Georgia Public Service Commission Pipeline/Facility Safety Office ("Staff") naming Georgia Power Company as the probable violator ("Respondent"). The probable violation alleged is for failure to comply with section 25-9-7-(a)(1) of the Act:

> Failure of a facility owner to determine whether underground facilities are present on the land upon which blasting or excavating is to occur prior to 7:00 a.m. on the effective date, or calendar day on which blasting or excavating is anticipated to begin.

Staff has granted an extension to allow an additional **60** days from the amended due date of the response (150 days from the date of the NOPV) for the Respondent to provide an affirmative written response to a Consent Agreement or request a hearing before the Advisory Committee. Failure to respond either by executing the provided Consent agreement or requesting a hearing will result in the issuance of a Rule NISI to be heard before the Georgia Public Service Commission ("Commission").

Thank you,

Michelle Thebert
