BEFORE THE
GEORGIA PUBLIC SERVICE COMMISSION

DISH Wireless L.L.C. Application for Designation as an Eligible Telecommunications Carrier in the State of Georgia for the Limited Purpose of Providing Lifeline Service to Qualifying Customers	))))))	Docket No. 45035

RESPONSES TO REQUEST NOS. 1 THROUGH 6
FROM THE GEORGIA PUBLIC SERVICE COMMISSION
TO DISH WIRELESS L.L.C. d/b/a GEN MOBILE

Pursuant to the Requests from the Georgia Public Service Commission Staff ("Staff") to DISH Wireless L.L.C. dba Gen Mobile ("Company", "DISH Wireless" or "Gen Mobile") in the above-captioned matter, the Company files this response to Staff Request Nos. 1 through 6 ("Requests"). DISH Wireless reserves the right to amend, revise, and/or supplement any of the original answers it provides hereunder should there be any relevant change in circumstances.

GENERAL OBJECTIONS

The Company objects to these Requests to the extent they seek production of materials or information protected from disclosure by the attorney-client privilege, the attorney work product doctrine, or any other applicable privilege, doctrine, or protection from disclosure. The Company further objects to the Requests to the extent they seek production of materials or information that the Company is not lawfully permitted to disclose to any third parties, including, but not limited to, materials that may not be disclosed to any third parties pursuant to terms of a contract, a federal or state law, or a directive from a federal or state government agency. Any inadvertent production of any document shall not be deemed or construed to constitute a waiver of any privilege or right, and DISH Wireless reserves the right to demand that the Commission and/or the Commission Staff return any such document and all copies thereof.

RESPONSES

REQUEST NO. 1: **Detailed description of DISH existing cellular facilities in Georgia (e.g., maps or locations, types of equipment in each location, etc.).**

RESPONSE: Please see attached Exhibit 1 containing a list of DISH Wireless' existing cellular facilities located in Georgia.

DISH Wireless's 5G network is the nation's first cloud-native, greenfield standalone ("SA") Open Radio Access Network ("O-RAN")" network. As reported to the Federal Communications Commission in the 5G Buildout Status Report dated July 14, 2023, the DISH O-RAN architecture consists of Radio Units ("RUs"), which are deployed on DISH's 5G sites, and Distributed Units ("DUs"), which control the RUs. Each DU is located at or near the base of the 5G Site. Currently, Fujitsu and Samsung provide the RUs for DISH's network while Supermicro and Dell provide the DUs for DISH's network. The DUs interface with Centralized Units ("CUs"), which are hosted in a data center. These combined network elements provide a RAN solution that handles all radio level control and subscriber data traffic. This architecture is compliant with both 3GPP Release 15 and relevant O-RAN specifications.

DISH's 5G Sites are deployed with either Fujitsu radios or Samsung radios and all such radios are O-RAN compliant. DISH's multi-vendor deployment exemplifies the flexibility that O-RAN offers – for example, DISH 5G Sites can have a Fujitsu radio paired with a Supermicro DU, and others can have a Fujitsu radio paired with a Dell DU.

Approximately 86 percent of DISH's 5G Sites utilize either the (i) JMA Wireless NWAVTM XPol 8-Port Antenna (model number MX08FRO665-21), or the (ii) CommScope 8-port sector antenna (model number FFVV-65B-R2) supporting all DISH component carriers in its different bands. The remaining 5G Sites utilize other antennas suitable for special cases, for example where there is less than normal usable vertical space on the tower.

RESPONDENT: Robert Yap, Senior Vice President of Gen Mobile.

REQUEST NO. 2: **Description and locations of any work in progress in Georgia.**

RESPONSE: Please see attached Exhibit 2 containing a list of sites currently being constructed in Georgia.

RESPONDENT: Robert Yap, Senior Vice President of Gen Mobile.

REQUEST NO. 3: **Future construction plans in Georgia and expected start dates.**

RESPONSE: DISH Wireless is unable to provide future construction plans and expected start dates in Georgia at this time since there are many variables to consider before any start of a construction site. Nonetheless, DISH Wireless continues to build out and optimize its network in Georgia and across the United States.

RESPONDENT: Robert Yap, Senior Vice President of Gen Mobile.

REQUEST NO. 4: Should the response to Request #1 be read to mean that each of the sites listed in Exhibit 1 have both an RU and a DU? Likewise, will each of the sites in Exhibit 2 also have both an RU and DU?

RESPONSE: [redacted]

RESPONDENT: Robert Yap, Senior Vice President of Gen Mobile.

REQUEST NO. 5: Are any of the facilities listed below or in Exhibits 1 and 2 also used to provide non-cellular phone services (e.g., cable TV)? If yes, which ones?

RESPONSE: No.

RESPONDENT: Robert Yap, Senior Vice President of Gen Mobile.

REQUEST NO. 6: Is DISH currently providing its consumer cellular phone service over these facilities in Georgia?

RESPONSE: Yes.

RESPONDENT: Robert Yap, Senior Vice President of Gen Mobile.

VERIFICATION

I, Robert Yap, the Senior Vice President of the Gen Mobile brand under DISH Wireless L.L.C., hereby state upon oath that I have read the foregoing Responses to Staff Request Nos. 1 through 6 and know the contents thereof, and that the contents of the Responses to Staff Request Nos. 1 through 6 are true and correct to the best of my knowledge, information and belief.

Date: 9/6/24

Robert Yap
Senior Vice President of Gen Mobile
DISH Wireless L.L.C.
