RE: ONEPATH SYSTEMS, LLC. VOLUNTARY RELENQUISHMENT OF CLEC APPROVAL IN GEORGIA

Dear Ms. Tanner,

Onepath Systems, LLC. (f/k/a “Onepath" or "the Company"), through undersigned Attorney – In - Fact, hereby requesting that the Georgia Public Service Commission withdraw the Certificate of Convenience and Necessity as approved and awarded by the Commission (Document Filing #177009) issued in Docket No. #42524 on July of 2019 to provide competitive local exchange carrier services and interexchange carrier services, and withdraw any tariffs on record, effective as soon as possible.

Onepath's business model has continued to evolve and develop since its CPCN was originally granted. Today, the Company no longer provides telecommunications services of any kind and stopped doing so back in September of 2023. Therefore, the CPCN granted by the Commission is no longer necessary.

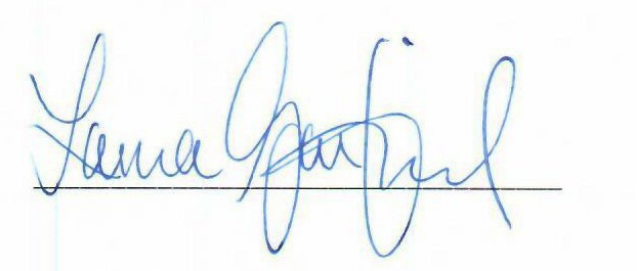

The public convenience and necessity will not be adversely affected by the action described herein. No customer is currently receiving any form of regulated telecommunications services from the Company, and therefore, no customer will have service interruptions or disconnections.

Onepath Systems, LLC no longer provides regulated telecommunications services in Georgia. All former customers have already been moved to other providers. Onepath Systems, LLC. does not serve any business or mass market consumers, so the thirty-day migration notice period was unnecessary.

To the best of its knowledge, the Company is current on all reporting and fee obligations. Wherefore, Onepath Systems, LLC. hereby requests cancellation or withdrawal of its Georgia CPCN and tariffs as soon as the Commission can take appropriate administrative action.

Should you have any questions or require additional information please feel free to contact me using the contact information provided below.

Respectfully Submitted,

Laura Garfinkel; Director
