Re: Georgia Power Company's Final Approved 2024 Distributed Generation Request for Proposals; Docket No. 55623

Dear Ms. Tanner:

On October 3, 2024, the Georgia Public Service Commission (the "Commission") issued an order approving Georgia Power Company's ("Georgia Power") 2024 Distributed Generation ("DG") Request for Proposals ("RFP"). Consistent with the Commission's July 29, 2022 Order Adopting Stipulation in Georgia Power's 2022 Integrated Resource Plan in Docket No. 44160 and the unfilled megawatts (MW) from the 2023 DG RFP that roll forward, Georgia Power will seek to procure up to 250 MW in DG solar photovoltaic resources sized greater than 250 kilowatts up to 6 MW alternating current ("AC") as part of this 2024 DG RFP.

Enclosed please find Georgia Power's Final Approved (i) 2024 DG RFP, (ii) 2024 DG RFP Pro Forma Power Purchase Agreement, and (iii) 2024 DG RFP Pro Forma Build Transfer Agreement. A hard copy of the enclosed filing will be provided to the Commission in compliance with the Alternative Electronic Filing Procedure.

Please call me at (404) 885-3779, if you have any questions regarding this filing.

Best regards,

Allison W. Pryor
