NORTHSIDE HOSPITAL

Northside Hospital, Inc.
1000 Johnson Ferry Road NE
Atlanta, GA 30342
1/23/2025

TNAC:

Please accept this Letter of Intent requesting additional numbering resources. Northside Hospital, Inc. requests 10,000 numbers in either one or two blocks in the "ATLANTA NORTHEAST" rate center.

Northside Hospital is a major healthcare provider in Georgia with five hospitals and over 600 clinics and ancillary sites. Northside Hospital is expanding and adding a major 14-story Tower to our Gwinnett campus and also renovating multiple buildings within the Gwinnett area to support its patient care efforts. During 2025, we will be converting numerous large facilities and hospitals to an ATT B-VoIP platform.

In addition, we are deploying a voice solution that is integrated with our mobile EMR which utilizes multiple DIDs per individual device to allow calls to phones, individuals, or clinical roles. Additionally, we are deploying a voice badging system for certain clinical areas such as surgery and emergency departments which will also require DIDs.

The goal is to urgently add 10,000 DIDs in the following ranges - they need to be in one or two of the following groups in the ATLANTA NORTHEAST rate center. The following ranges would work within Northside Gwinnett's dialing plan and we are listing them in order of preference (i.e., first choice is listed first):

1. XXX-XX1-0000 to XXX-XX1-9999, or
2. XXX-XX3-0000 to XXX-XX3-9999, or
3. XXX-XX4-0000 to XXX-XX4-9999, or
4. XXX-XX6-0000 to XXX-XX6-9999, or
5. XXX-XX7-0000 to XXX-XX7-9999

Given this is an expansion project we will not be returning our existing numbers.

Pending AT&T's successful completion of testing, Northside Hospital understands these numbers will need to be activated within 180 days of the effective date.

Please expedite this request to the greatest extent possible. Please let me know if you need anything else. Thank you very much.

Sincerely,

1/24/2025

David M. Converse
