IN RE:	)	
LIBERTY UTILITIES (PEACH STATE NATURAL GAS) CORP.	)	DOCKET NO. 56178
GAS SUPPLY PLAN 2025 – 2026	)	

TRADE SECRET FILING OF
LIBERTY UTILITIES (PEACH STATE NATURAL GAS) CORP.

Liberty Utilities (Peach State Natural Gas) Corp. ("Liberty Utilities" or the "Company") hereby files with the Georgia Public Service Commission ("Commission") this filing regarding Liberty Utilities' Excel-based models and the supporting information (collectively, the "Models") that Calculate Design Day and Final Delivery Capacity Summaries for the Company's service areas in and around Columbus and Gainesville in the above-referenced docket. The Models and supporting information contain data, materials, information, and processes that are of a proprietary and trade secret nature. Liberty Utilities is therefore filing the proprietary and trade secret Models and related information pursuant to Commission Rule 515-3-1-.11 governing trade secrets.

The output summaries of the Models are referred to as "Design Day and Final Delivery Capacity Summaries." Simultaneously with this Trade Secret filing, the Company filed copies of the Design Day and Final Delivery Capacity Summaries for the service areas in and around both Gainesville and Columbus produced by the Models as public disclosure documents in this docket. Although the output summaries are being publicly disclosed, the Models themselves as well as the related information contain data, materials, information, and processes that the Company deems to be proprietary, confidential, and trade secret. The Company is providing the trade secret Models and related information as part of its 2025 - 2026 Gas Supply Plan. The Models, as well as the data, materials, information, and processes reflected therein, derive economic value to the Company and to the Company's customers from not being generally known to others. Additionally,

the data and information are exempt from public disclosure under O.C.G.A. § 50-18-72(a)(34). Liberty Utilities submits the Models, as well as the data, materials, information, and processes reflected and contained therein, are highly confidential and competitively sensitive. Accordingly, consistent with the Company's own interests, and the interests of its customers, the Company protects against disclosure of Models, as well as the data, materials, information, and processes contained and reflected therein.

Pursuant to the terms of Commission Rule 515-3-1-.11 and the Commission's alternative electronic filing procedures, Liberty Utilities is providing the Models and related information regarding the Design Day and Final Delivery Capacity Summaries under protective seal (each page is marked "Trade Secret") to the Commission Staff. The trade secret documents have been numbered and the Company is maintaining a master list of these documents. Additionally, the affidavit of Adam Bigknife is attached hereto.

Respectfully submitted this 2nd day of June 2025.

Floyd Self, Attorney for
Liberty Utilities (Peach State Natural Gas) Corp.
