Counsel for GIPL

STATE OF GEORGIA

BEFORE THE
GEORGIA PUBLIC SERVICE COMMISSION

In Re:	)	
	)	
Georgia Power Company's	)	**Docket No. 44280**
2022 Rate Case	)	

APPLICATION OF GEORGIA INTERFAITH POWER & LIGHT FOR LEAVE TO INTERVENE

Georgia Interfaith Power & Light (GIPL), through counsel, hereby applies to the Georgia Public Service Commission for leave to intervene in the above-referenced docket pursuant to O.C.G.A. §§ 46-2-59 and 50-13-14 and Commission Rule 515-2-1-.06. In support of this application, GIPL respectfully shows the Commission as follows:

1.

On May 19, 2025, Georgia Power Company and Commission Public Interest Advocacy Staff filed a Joint Petition to Extend the Alternate Rate Plan with an accompanying Stipulation, for which they seek Commission approval.

2.

This application for leave to intervene is timely filed pursuant to the Commission's Procedural and Scheduling Order.

3.

Georgia Interfaith Power & Light is a 501(c)(3) nonprofit organization headquartered in Decatur, Georgia. GIPL represents the interests of communities of faith in

promoting environmental justice, energy conservation, energy efficiency, renewable energy, and related sustainable practices. GIPL engages faith communities in the stewardship of Creation. GIPL is a growing organization with more than 350 member congregations across the state of Georgia representing a wide variety of faiths and over 150 congregationally based Green Teams working to advance GIPL's objectives. While several of GIPL's participating congregations are located throughout the Atlanta metropolitan area, many are located in other areas of the State, including the Acworth, Adel, Albany, Athens, Augusta, Brunswick, Canton, Carrollton, Clayton, Covington, Dalton, Darien, Ellijay, Gainesville, Kennesaw, Macon, Newnan, Roswell, Sautee-Nacoochee, Savannah, Valdosta, Warner Robins, and Waycross areas.

4.

GIPL has an interest in the proceeding relating to the proposed Stipulation to Extend the Alternate Rate Plan both on its own behalf and on behalf of its members. Many of GIPL's participating congregations and members of those congregations purchase electricity from Georgia Power Company, both for their places of worship and for their individual residences. Their electricity consumption and costs for electricity will be affected by the Commission's actions in this docket.

5.

Additionally, GIPL's core mission is to inspire and equip communities of faith to organize, implement practical climate solutions, and advocate across Georgia on issues of climate change, environmental justice, and community resilience. GIPL's mission is thus directly implicated by Georgia Power's electricity rates as regulated by the Commission in this proceeding. This proceeding will determine how much of GIPL's and member congregations' limited budgets will be spent on monthly electric bills, and how much will be

spent in serving their communities. GIPL envisions a Georgia where all people live safely in a healthy environment, a stable climate, and resilient communities. As a result, GIPL has substantial and vital interests in the outcome of these proceedings and seeks to intervene to protect these interests. No other party in this case shares GIPL's unique interests.

6.

In furtherance of its interests and on behalf of its members, GIPL has intervened in many prior proceedings before the Commission, including: Georgia Power's 2025 IRP and DSM proceedings, Docket Nos. 56002, 56003; Georgia Power's 2023 Biomass Request for Proposals, Docket No. 44880; Georgia Power's 2023 IRP Update and Application for Certification of Plant Yates Units 8-10, Docket No. 55378; Georgia Power's 2022 Rate Case, Docket No. 44280; Georgia Power's 2022 IRP and DSM proceedings, Docket Nos. 44160, 44161; Georgia Power's 2020 PURPA Avoided Cost proceedings, Docket Nos. 4822, 16573, 19279; Georgia Power's 2019 Base Rate Case, Docket No. 42516; Georgia Power's 2019 IRP and DSM proceedings, Docket Nos. 42310, 42311; the 2017-2018 DSM Working Group and the 2014-16 DSM Working Group, Docket Nos. 41253, 38401; Georgia Power's 2016 IRP and DSM proceedings, Docket Nos. 40161, 40162; Georgia Power's Application for Certification of a Green Energy Program and Green Energy Pricing Tariff, Docket No. 16573; Georgia Power's 2015 and 2016 Advanced Solar Initiative Prime, Docket No. 38877; the Notice of Inquiry and Workshop to Examine Issues Related to the Value of Renewable Resources and Distributed Energy Resources, Docket No. 39732; Georgia Power's 2010 IRP and DSM proceedings, Docket Nos. 31081, 31082; and Georgia Power's Seventeenth, Eighteenth, Nineteenth, Twentieth/Twenty-First, Twenty-Second, Twenty- Third, Twenty-Fourth, Twenty-Fifth, Twenty-Sixth, Twenty-Seventh, Twenty-Eighth, and Twenty-Ninth Semi-Annual Construction Monitoring proceedings, Docket No. 29849.

7.

The interests of GIPL and its participating congregations are not adequately represented by other parties to these proceedings. Other parties that have applied to intervene do not have interests similar to those of GIPL. The applicant's intervention would not unduly delay the proceedings or prejudice the rights of other parties.

8.

If this application is granted, GIPL, through its counsel, intends to participate in this proceeding, including cross-examining witnesses, filing and presenting direct testimony and filing proposed orders and/or briefs, to the extent permitted by the Commission's schedule.

9.

GIPL respectfully requests that the following persons receive all notices, correspondence and copies of orders and other materials in this docket, and be placed upon the official service list:
