In Re: Consideration of Teleport Communications of Georgia, LLC (AT&T) Request for Review of the North American Numbering Plan Administration (NANPA) Denial of Its Application for Numbering Resources.

To Mr. Johnson:

On April 24, 2025, AT&T Georgia ("AT&T") filed with the Georgia Public Service Commission (the "Commission") a request for the Commission to authorize the North American Numbering Plan Administrator ("NANPA") to release 150,000 contiguous numbers to AT&T in the 478 NPA in the Warner Robins rate center. The Commission approved said request on May 20, 2025 and issued a letter order on May 27, 2025. This letter order erroneously authorized NANPA to release six NXX in the Warner Robins Rate Center. It is now being reissued to correct the error and properly release 150,000 contiguous numbers as requested by AT&T and approved by the Commission.

**WHEREFORE,** it is

**ORDERED,** that NANPA is authorized by the Commission to release fifteen NXX in the Warner Robins Rate Center; and

**ORDERED FURTHER,** that the first 1,000 block of numbers shall be utilized before the second in sequence until the last block is exhausted.

**ORDERED FURTHER,** that jurisdiction over this proceeding is expressly retained for the purpose of entering such further order or orders as the Commission may deem proper; and

**ORDERED FURTHER,** that a motion for reconsideration, rehearing or oral argument shall not stay the effective date of this Order unless expressly ordered by the Commission.

The above by action of the Commission in Administrative Session on May 20, 2025.
