RE: Docket 36946 – Lifeline Certification on FCC Form 481-Filed on behalf of Telrite Corporation d/b/a Life Wireless

Dear Mr. McAlister,

Pursuant to 47 C.F.R. § 54.422, enclosed please find for filing in the above-referenced docket a copy of Telrite Corporation's FCC Form 481 – Carrier Annual Reporting.

Please be advised that Telrite Corporation did not have any unfulfilled service requests. During 2024 the company received and responded to nine (9) complaints. Due to AT&T's nationwide outage on February 22, 2024, some Telrite customers experienced service disruptions, as AT&T serves as one of Telrite's underlying providers. Telrite Corporation continues to be in compliance with 911 functionality during emergency situations as well as CTIA compliance.

If you have any questions regarding this filing, please contact me at (407) 260-1011 or regulatory@csilongwood.com.

Respectfully submitted,

/s/ Mark Lammert

FCC Form 481
Section 500 – Service Quality Standards & Consumer Protection Rules Compliance

Under FCC Rules, Section 54.202, an ETC must comply that it will satisfy applicable consumer protection and service quality standards. Telrite Corporation d/b/a Life Wireless (Telrite) is in compliance with the Cellular Telecommunications and Internet Association's Consumer Code for Wireless Service.

1. Telrite discloses rates and terms of service to customers at the time service is initiated. These same terms and conditions are posted on Telrite's website at www.lifewireless.com.
2. Telrite provides service availability information on their website at www.lifewireless.com.
3. Telrite provides contract terms to subscribers when they initiate or change service. These same terms are provided to subscribers during the annual recertification process as outlined in Commission rules that govern continued subscriber eligibility.
4. Telrite's Lifeline service can be terminated at any time by either party without an early termination fee. Service is dependent on continued usage and eligibility in the program.
5. Telrite provides disclosures, minutes included in Lifeline plans, expiration of rollover minutes, availability of service, and cost for additional minutes in published Lifeline advertising materials.
6. Telrite customers are provided options if they exceed the number of minutes provided in their Lifeline plan. If at any time a customer purchases additional minutes, charges and plan options are available on the company website at www.lifewireless.com.
7. Telrite's toll-free customer service number is 888-543-3620. Customers may also dial 611 from their Life Wireless handset to reach customer service free of charge or by contacting Telrite via email at info@lifewireless.com. This information is provided in the terms of service and on the company website and in all information provided to subscribers.
8. Telrite responds to all consumer inquiries and complaints received from government agencies within 30 days.
9. Telrite has procedures in place to maintain the privacy of subscriber proprietary information in accordance with applicable federal and state laws.
10. Telrite has available to Lifeline customers an online portal where customers can check their balances and purchase additional minutes.

FCC Form 481
Section 600 - Functionality in Emergency Situations

Under FCC Rules, an ETC must demonstrate its ability to remain functional in emergency situations. Since Telrite Corporation d/b/a Life Wireless (Telrite) is providing service to its customers through the use of facilities obtained from other carriers, it is able to provide to its customers the same ability to remain functional in emergency situations as currently provided by the carriers to their own customers, including access to a reasonable amount of back-up power to ensure functionality without an external power source, re-routing traffic around damaged facilities, and the capability of managing traffic spikes resulting from emergency situations.

Telrite, along with their underlying carriers, have created back-up systems to ensure functionality in the event of a loss of power or network functionality. Telrite maintains its own diesel-powered backup generator at their switching facility in Georgia. All systems within the facility are implemented on redundant servers, each with redundant data network and power.
