REPORT OF NATURAL GAS SAFETY

INSPECTION NO: DJ24-014

OPERATOR: City of Nashville Gas System

INVESTIGATOR: Daphne Jones

INSPECTION DATE: March 4, 2024 REPORT MAILED DATE: June 25, 2025

Any questions concerning this report may be directed to the above address or by telephoning (404) 463-6526.

1. PURPOSE OF INSPECTION

To conduct a comprehensive inspection of the Operators plans, programs, procedures, pipeline, and pipeline facilities for compliance with the minimum federal safety standards in 49CFR Parts 191 and 192.

2. CONTINUING VIOLATIONS

3. CLEARED VIOLATIONS

4. NEW VIOLATIONS

5. OTHER RECOMMENDATIONS/COMMENTS

From March 4, 2024, through March 7, 2024, Staff reported to the City of Nashville Gas Department to perform a comprehensive inspection on the Operator's manual, plans, records, and pipeline facilities for compliance with the minimum federal safety standards and conduct Protocol 9 inspections for compliance with the minimum federal safety standards.

During this inspection the Operator was represented by:
Michael Spells – Gas Superintendent
Brandon Rice – Public Works Director
Thomas Sapp - Gas Technician
Eddie Harp - Harp & Associates (Consultant)

Commission Staff was represented by:
Daphne Jones – Lead Inspector
Daniel Clemmons – Pipeline Safety Inspector
Joseph Jones – Pipeline Safety Inspector

At the time of this inspection the City of Nashville was under no previously existing probable violations.

NO VIOLATIONS FOUND

During this inspection Staff performed a comprehensive inspection of the Operator's written operations and maintenance procedures, records, and gas facilities for compliance with 49 CFR Parts 191 and 192, and the GPSC rules for safe operation of a natural gas distribution system.

During the field evaluation, Staff observed the Operator's personnel perform four protocol 9 field inspections in Nashville, GA. The Operator provided the individual qualifications for Michael Spells and Thomas Sapp to perform covered tasks. Staff examined the individual records before observing the performance in the field. Staff verified that qualification records for these individuals were current.

Michael Spells, Gas Supervisor for the City of Nashville, performed Task #0001 – Measuring Pipe to Soil Potentials, qualification good through 02/03/2025, performed Task #1211 - Odorization Periodic Sampling, qualification good through 01/06/2025, and performed Task #0101 - Rectifier and Obtain Readings, qualification good through 12/06/2025. Staff verified that the individual was able to perform the covered tasks according to the procedures and was able to identify generic and task specific abnormal conditions and define the applicable actions.

Thomas Sapp, Gas Technician for the City of Nashville, performed Task #0141 – Inspection for Atmospheric Corrosion, qualification good through 04/30/2028. Staff verified that the individual was able to perform the covered tasks according to the procedures and was able to identify generic and task specific abnormal conditions and define the applicable actions.

LETTER OF CONCERN

49CFR §192.353 - Customer Meters and Regulators: Location.
(a) Each meter and service regulator, whether inside or outside a building, must be installed in a readily accessible location and be protected from corrosion and other damage, including, if installed outside a building, vehicular damage that may be anticipated. However, the upstream regulator in a series may be buried.

STAFF'S CONCERN: During this inspection (DJ24-014), Staff identified one location (with 7 meters), where customer meters were in contact with the ground (soil or ground covering), which has the potential of being a corrosive environment. The locations were found at 411 Hull Avenue and the Hull Nashville Housing Authority complex, which are considered underserved areas. The City of Nashville did not ensure customer meter sets were kept free from the buildup of dirt, pine straw, and other decorative groundcovers that would protect them from corrosion or other damage as required. The operator cleared the debris the following morning.

As a result of this inspection, Staff noted no probable violations of the minimum federal safety standards.

Please review and respond to this report in accordance with the attached Instructions for Responding to Enforcement Letters Issued by the Georgia Public Service Commission.

Filings:
For all written responses or any other official correspondence, the Operator shall file the response at the following address:

Ms. Sallie Tanner, Executive Secretary
Georgia Public Service Commission
244 Washington Street, SW
Atlanta, Georgia 30334

The Operator must file **five (5)** copies of any response and/or official correspondence, as well as a CD with an electronic version of the response in Microsoft Word and/or a PDF, if applicable.

Informal Conference:
Any Operator who chooses to request an informal conference shall request such a conference through emailing the Director (michellet@psc.state.ga.us), calling the Director (404-463-2765), or selecting the "Request Conference" choice.

Civil Penalty Payments:
Certified check for the full amount of the recommended civil penalty or consent agreement amount made payable to the Georgia Public Service Commission. The Operator's name, applicable Docket No., and Inspection Report No. must be included on the certified check. Mail payment to:

Ms. Michelle Thebert, Director, Facilities Protection Unit
Georgia Public Service Commission
244 Washington Street
Atlanta, Georgia 30334

Hearing Requests:
The Operator has the right to request a hearing before the full Commission to contest the alleged probable violations, recommended civil penalties, and all other proposed actions of enforcement. A request for a hearing must be submitted in writing and in accordance with Commission Rule 515-2-1-.04. The Operator must include a statement of the issues that you intend to raise at the hearing. The issues may relate to the allegations, new information, proposed compliance order, proposed civil penalty, or any other recommendation for enforcement action. Please refer to Commission Rule 515-9-3-.11 and O.C.G.A. § 46-2-91 for assessment considerations upon which civil penalties are based. An operator's failure to specify an issue may result in a waiver of the right to raise that issue at hearing. The request must also indicate whether or not the Operator will be represented by counsel at the hearing.

Open Records and Trade Secret Filings:
The Operator is advised that any material provided to the Commission, and all materials prepared by the Commission, including the Notice of Probable Violations and any Orders issued in this case, may be considered public information and subject to disclosure under the Georgia Open Records Act (O.C.G.A. § 50-18-70 et seq.). If you believe that any portion of your response material is security sensitive, privileged, confidential or may cause your company competitive disadvantages and would qualify for protection under the Commission's "Trade Secret Rule" (Commission Rule 515-3-1-.11), you must, along with the complete original document clearly marked "TRADE SECRET" on each page, provide a second copy of the document with the portions you believe qualify for trade secret treatment redacted, and an explanation of why you believe the redacted information qualifies for such trade secret treatment. Should the Commission receive a request for disclosure of any "TRADE SECRET" material, you will be notified, if after review, the materials and your provided justification are deemed not to meet any exemptions provided in the Georgia Open Records Act. You may appeal the Commission's decision to release material at that time. Your appeal will stay the release of those materials until a final decision is made.
