DETERMINATION OF DEMAND

The monthly billing demand shall be the maximum recorded kilowatt demand established for any consecutive fifteen (15) minute period during the month for which the bill is rendered.

For billing months of **October through May** –
The billing demand shall be the greater of:
1. 100% of the actual demand measured for the current month; or
2. 85% of the highest measured actual demand occurring in any immediately preceding eleven (11) months.

For billing months of **June through September** –
The billing demand shall be the greater of:
1. 100% of measured actual demand for the current month

MINIMUM MONTHLY SERVICE CHARGE

The minimum monthly charge shall be the greatest of:

1. $200.00 Single-Phase Service
2. $400.00 Three-Phase Service
3. Contract minimum.

WHOLESALE POWER COST ADJUSTMENT

The foregoing charges shall be adjusted each month by an amount per kilowatt-hour as set forth under the provisions of the Cooperative's Wholesale Power Cost Adjustment; Schedule "WPCA."

DELIVERY POINT

Unless otherwise specified in the service contract, the delivery point shall be the metering point where service is furnished at secondary voltage. If the electric service is furnished at primary voltage, the point of attachment of the Cooperative's primary line to the consumer's primary facilities at a single location shall be the point of delivery.

POWER FACTOR ADJUSTMENT

The customer shall maintain a power factor near unity as practicable. The Cooperative may, at their discretion, install metering equipment to measure reactive demand. The Cooperative shall bill the customer any kVAR in excess of one-half the measured kW in the current billing month at $.50 per kVAR.

TERMS OF SERVICE

1. Contract of not less than one (1) year requiring 300 kW or more capacity.
2. Contract of not less than five (5) years requiring more than 500 kW capacity.

TERM OF PAYMENT

Payment is due upon receipt of bill. Payments not received within 15 days of billing date, a late charge of 10% will be added.
