SYNOPSIS

The following changes are being made to Alma's GSST:

The Company's charge associated with a trip to the customer/applicant's premises to comply with the customer/applicant's request to establish, to add to, or to rearrange service. The customer premise visit charge only applies to stand alone voice customers. The customer premise visit charge is $35. Based on current Customers Alma estimates the first-year net revenue impact to be [redacted].

Broadband customers can choose paperless billing online at www.atcbroadband.com or by contacting the Company's business office. For broadband customers who do not select paperless billing, a paper bill charge will be applied. A paper bill charge will not be applied to voice-only customers. The paper bill charge is $2.00 per month. Based on current Customers the estimate first year net revenue impact is [redacted]. Alma anticipates that the revenue impact from this change will be significantly less as Customers convert to paper less billing.
