RE: CX360 Inc.'s Automatic Dialing and Announcing Device Permit Non-Renewal

Dear Ms. Tanner,

CX360 holds Automatic Dialing and Announcing Device ("ADAD") Permit No. 0234G. This letter serves to inform the Georgia Public Service Commission that CX360 Inc. does not intend to renew its ADAD permit at the next renewal date. After thorough review of G.P.S.C. Rule 515-12-1-.32 and associated rules and statutes, CX360 has concluded that it is not engaged in the use of ADAD equipment in Georgia, as defined by the rule. Thus, the permit is not required.

If you have any questions about this matter or need further information, please contact me via email to discuss. Thank you for your time.

Sincerely,

William Bradshaw
General Counsel | CX360, Inc.
