IN THE MATTER OF:

DOCKET NO. 55755 H&E Concrete, L.L.C. CASE NO. 23-25237

FINAL ORDER

APPEARANCES:

Georgia Public Service Commission Staff: Chesley Dix

RESPONDENT: No appearance

PROCEDURAL HISTORY

On February 24, 2023, while working at 3820 Creekview Drive NE in Marietta, **H&E Concrete, L.L.C.** ("Respondent") caused damage to a utility facility while using mechanized equipment. Following its investigation of this incident, Commission Staff determined that the Respondent was in violation of O.C.G.A. §§ 25-9-8(a) and 25-9-8(b) (the "Violations"), sections of the Georgia Underground Facilities Protection Act ("GUFPA"). Staff recommended, through Consent Agreement, that Respondent be assessed a $5,000 civil penalty with the ability to mitigate $4,000 by completing a Commission approved damage prevention training program.

On October 16, 2024, the Commission issued a Notice of Hearing and Procedural and Scheduling Order. Respondent was advised that a hearing would be held for the purpose of hearing evidence regarding the Violations and that, if proven, such Violations may result in the imposition of a civil penalty as provided by law.

On April 23, 2025, a hearing was conducted in this Docket, at which time the Commission's Hearing Officer heard testimony from Staff witnesses. Staff entered two exhibits into evidence. Exhibit 1 was a chart that detailed information regarding: the incident date and

location, violation cited, terms of Consent Agreement, date of service for both Consent Agreement and Notice of Hearing, and status of certified mail return receipt for Notice of Hearing. Exhibit 2 included copies of: The Notice of Probable Violation, Incident Investigation Report, Consent Agreement, Notice of Hearing and Procedural and Scheduling Order, Certified Mail Return Receipt and other supporting documentation. At the hearing, several issues were presented for determination, including whether Respondent committed the Violations and whether the Respondent should be penalized pursuant to O.C.G.A § 25-9-14(k)(7) [pursuant to O.C.G.A § 25-9-13(h)(7) prior to September 2022] in an amount of up to $10,000.00 for each violation.

FINDINGS AND CONCLUSIONS

Staff witnesses Onterio Johnson and Morgan Mitchell testified at the proceeding. Mr. Johnson is an investigator with the Facility Protection section of the Commission and is generally responsible for investigating notices of probable violation of the Act. Ms. Mitchell is an administrative assistant with the Facility Protection section of the Commission and is generally responsible for the delivery of consent agreements, Notice of Hearings, and Final Orders to probable violators of GUFPA and O.C.G.A. § 46-2-91. Mr. Johnson submitted a detailed copy of his report of the investigation. Based on the probable violation damage reports filed by the utility and upon further investigation into the matter, Mr. Johnson determined that:

1. Respondent struck, injured, or loosened any utility facility which had been staked or marked in violation of O.C.G.A. § 25-9-8(a); and
2. Respondent failed to exercise reasonable care when blasting or excavating is to take place within the tolerance zone in violation of O.C.G.A. § 25-9-8(b).

Based upon the facts and circumstances presented in this case, the Commission finds that Respondent committed the Violations.

PENALTIES

Pursuant to O.C.G.A § 25-9-14(k)(7), the Commission has the authority to impose a civil penalty not exceeding $10,000.00 for each violation of the Act, if it is proven that any person violated any provision of the Act as a result of a failure to exercise reasonable care.

WHEREFORE IT IS ORDERED, that pursuant to O.C.G.A § 25-9-14(k)(7) a civil penalty in the amount of **$6,000** be imposed against Respondent for the above cited violations. Respondent shall pay such civil penalty to the Commission, in certified funds, within thirty (30) days from the date of this Order.

ORDERED FURTHER, that Respondent may mitigate $4,000 of the civil penalty ordered in this case by a minimum of five (5) employees completing a Commission-approved damage prevention training course within forty-five (45) days from the date of this Order.

ORDERED FURTHER, that all findings, conclusions and decisions contained within the preceding sections of this Order are hereby adopted as findings of fact, conclusions of law, and decisions of regulatory policy of this Commission.

ORDERED FURTHER, that any motion for reconsideration, rehearing or oral argument or any other motion shall not stay the effective date of this Order, unless otherwise ordered by this Commission.

ORDERED FURTHER, that jurisdiction over this matter is expressly retained for the purpose of entering such further Order or Orders as this Commission may deem just and proper.

The above by action of the Commission in Administrative Session on the 5th day of August 2025.

Staff from the Facilities Protection Unit of the Georgia Public Service Commission received notification of probable violation from Atlanta Gas Light regarding the damage that occurred at 3820 Creekview Drive, Marietta, Georgia on February 24, 2023. OCGA 25-9-8(b) Failure to exercise reasonable care when excavating or blasting is to take place within the tolerance zone.

PSC staff searched Georgia (811) locate request database and was able to find the contractor's locate ticket. According to the (811) positive response database, Atlanta Gas Light responded to the locate request, and the gas service was marked before the incident. Thus far, based on this initial information submitted by Atlanta Gas Light: It appears that H&E Concrete, L.L.C. may be in violation, pending a response to this Notice of Probable Violation.

The Pipeline/Facilities Safety Staff found **H&E Concrete, L.L.C.** in violation of:

O.C.G.A. Violations

25-9-8(a) Striking, damaging, injuring or loosening any utility facility which has been staked or marked.

25-9-8(b) Failure to exercise reasonable care when excavating or blasting is to take place within the tolerance zone.

This investigation is pending the excavator's (your) response. If no response is submitted, staff will proceed to hearing based solely on the information submitted by the facility owner.

Note: The information you provide will not close the case, it will assist the investigator in his/her investigation to arrive at a more informed conclusion.

****** ATTENTION PLEASE READ ****** ****** ATTENTION PLEASE READ ******

You have just received a Notice of Probable Violation (NOPV) from The Georgia Public Service Commission (PSC) and here is why.

Anytime a buried public utility is damaged by mechanized equipment, by law that utility operator must repair the damaged utility and then report the incident to The PSC within 30 days. That utility operator is also required by law to do an investigation to determine the cause of the damage. If the damage was a result of an error made by the Utility operator or the locate company, the utility company must report themselves to the PSC. If the damage was the result of an error made by the contractor, the utility company must report the contractor, and list the dig law violations that may have occurred during the incident. Once the incident is reported, it gets assigned to a Georgia Dig Law Investigator and a notice is mailed.

Please keep in mind you have NOT been found in violation yet. The NOPV is sent to inform you of what has been reported against you, and is pending on a response from you. You must respond to the notice by letting your investigator know if you agree or disagree with the violations.

If you do NOT respond within 30 days, the PSC will proceed, finding you in violation. This decision will be based solely on the information provided by the utility operator.

Contact information for your investigator will be at the bottom of the first page. Please feel free to call or send an email to your investigator, they will be more than happy to assist and walk you through this process.

Common questions about this NOPV

I disagree how do I respond

Check option 1 or 2 on the response options page, return that document to your investigator by USPS or email. Send a statement letting us know why you disagree, along with any documentation or photos that proves why you are not in violation. The investigator will continue the investigation based on your disagreement and will contact you once the investigation is complete.

I agree with the violation, what do I do next?

Check option 3 or 4 on the response options page, Option 3 indicates you agree with the violations and you would like to pay the smaller mitigated penalty by sending employees to a training class. Option 4 indicates you agree with the violation but would rather pay the fine in full instead of attending training. After you've chosen an option, please sign and date the two page consent agreement and return those 3 documents to you investigator by email or USPS. If you chose option 3 you will have 30 days to get the training completed, penalty payments can be mailed or delivered to The Georgia Public Service Commission. Cashier checks or money orders are the only acceptable payment methods at this time.

I hired a subcontractor am I responsible for the violation / I was a subcontractor am I at fault?

The Georgia dig laws falls on whom ever was operating the equipment at the time of the incident. If you receive a notice from the PSC and you hired a sub, you should disagree with the violation. Check the appropriate box, provide a statement saying who you hired and provide documentation (Invoice) and contact information on the sub. Staff at The PSC will remove your name from the notice and reissue the notice to the Subcontractor.

How do I attend damage prevention training?

Use the GUFPA Training list that was provided in the packet to call and schedule the class. The class is a one-day class that usually last about 4 hours. After you complete training, you will get certificates of completion. The training facility will send copies of the certificates to the PSC.

I paid the utility company for the damage why do I have to pay the PSC?

Payment made for the repair cost to the utility company is a civil matter. That repair payment has no bearing over the possible penalty amounts for a violation of the state dig law.
