Atlanta Gas Light Company's Petition for Approval of General Gas Delivery Service Under Rate G-12	)	**DOCKET NO. 56375**

Order Approving Atlanta Gas Light Company's Petition for General Gas Delivery Service Under Rate G-12

This matter comes before the Georgia Public Service Commission ("Commission") as a result of Atlanta Gas Light Company ("AGL" or "Company") filing a petition with the Commission to request approval of the agreement (the "Agreement") between AGL and the Directorate of Public Works ("Customer") at Fort Gordon for service under the Commission-approved tariff General Gas Delivery Service - High Demand (the "G-12 Rate" or "Rate G-12").

The G-12 Rate Schedule is available for customers using gas for commercial or industrial purposes. The maximum daily use requirement is 3,000 dekatherms or greater during the billing periods of October through April, provided that AGL has gas delivery capacity more than the then existing requirements for other customers.

On July 16, 2025, AGL and the Customer executed the Agreement for AGL to provide service to the Customer's facility located at Fort Gordon near Augusta, Georgia. The Customer's maximum daily use will exceed 3,000 dekatherms making it eligible for Rate G-12.

On July 28, 2025, AGL filed this petition requesting that the Commission approve the Agreement between AGL and the Customer to allow AGL to provide service to the Customer under the G-12 Rate Schedule. The Agreement was provided to Staff under trade secret cover.

Staff's investigation involved a detailed review of the petition, internal Staff meetings and external meetings with the Company. Additionally, Staff issued data requests, reviewed their responses, and communicated with the Company for additional clarification on the responses. Staff recommends approval of the Agreement between AGL and the Customer to provide service to Customer under the G-12 Rate Schedule.

******

WHEREFORE IT IS ORDERED, that the Commission hereby approves the Agreement between Atlanta Gas Light Company and the Customer to allow it to provide service to Customer under the General Gas Delivery Service - High Demand ("Rate G-12").

ORDERED FURTHER, that any motion for reconsideration, rehearing, or oral argument or any other motion shall not stay the effectiveness of this Order unless expressly ordered by the Commission.

ORDERED FURTHER, that jurisdiction over this matter is expressly retained for the purpose of entering such further Order or Orders, as this Commission may deem proper.

The above by action of the Commission in Administrative Session on the 17th day of September 2025.
