Re: Georgia Power Company's Application for the Certification of Capacity from the 2029-2031 All-Source RFP, Docket No. 56298; and Georgia Power Company's Application for the Certification of Capacity Supplemental Resources, Docket No. 56310

Dear Ms. Tanner:

On September 17, 2025, Georgia Power Company (the "Company") filed its Budget 2026 Load and Energy Forecast ("B2026 Load Forecast") and the Direct Testimony of Francisco Valle ("Direct Testimony"). Enclosed for filing is the second supplemental filing to the B2026 Load Forecast ("Second Supplemental Filing"), which contains the models and workpapers used for the organic portion of the B2026 Load Forecast. To the extent the models are too large to upload to the Commission's website, these will be provided to Commission Staff electronically via secure file transfer.

The workpapers contain certain information that is being filed under the Commission's trade secret rules as explained in the enclosed basis for assertion.

Please call me at (404) 885-3779 if you have any questions regarding this filing.

Sincerely,

By Allison W Pryor
