Services	)	

Petition to Expand ETC-Designated Service Area

Charter Fiberlink - Georgia, LLC ("Charter Fiberlink") hereby petitions the Georgia Public Service Commission (the "Commission") to expand its ETC-designated service area. In support of this petition, Charter Fiberlink shows the Commission as follows:

Charter Fiberlink is a telecommunications service provider certificated to provide service in the State of Georgia. Prior to 2021, Charter Fiberlink was not an eligible telecommunications carrier ("ETC"). In 2020, Charter Fiberlink was provisionally awarded financial support from the Federal Communications Commission's ("FCC") Rural Digital Opportunity Fund ("RDOF") Phase I auction, which is designed to support the expansion of high-speed broadband infrastructure in areas where such infrastructure is otherwise not economically viable. RDOF support is awarded to service providers based on census blocks assigned by the federal Census Bureau.

As a condition of receiving RDOF support, a service provider must obtain ETC designation in those areas where it will receive the support. Accordingly, in January 2021, Charter Fiberlink initiated this proceeding by filing its application for designation as an ETC in those census blocks

where it had been provisionally granted RDOF support.[1] In its June 7, 2021 *Order on Application for Designation as an Eligible Telecommunications Carrier*,[2] the Commission designated Charter Fiberlink as an ETC in those census blocks identified in Charter Fiberlink's ETC application.

In the ETC Designation Order, the Commission provided that Charter Fiberlink could modify its ETC-designated service area to *remove* any census blocks that the FCC might remove from eligibility for RDOF support.[3] Specifically, the ETC Designation Order provides that Charter Fiberlink can remove any such census blocks from its territory without further action by the Commission simply by filing a notice of the change with the Commission. Since then, Charter Fiberlink has filed one notice of removing census blocks from its territory.[4]

FiberLight, LLC ("FiberLight") is a telecommunications service provider that has no affiliation with Charter Fiberlink. Similar to Charter Fiberlink, FiberLight was awarded RDOF Phase I support for certain census blocks located in Morgan County, Georgia, and it sought to be designated as an ETC in those census blocks.[5] The Commission granted that application and designated FiberLight as an ETC in those census blocks listed in **Exhibit A** (the "Morgan County RDOF Census Blocks").[6]

Since then, FiberLight has decided to relinquish its RDOF support. Rather than defaulting on its RDOF obligations, which would result in no construction of broadband facilities in the

[1] *Application of Charter Fiberlink - Georgia, LLC for Designation as an Eligible Telecommunications Carrier to Receive Rural Digital Opportunity Fund Auction (Auction 904) Support for Voice and Broadband Services*, Docket No. 43708 (filed January 6, 2021).
[2] Order on Application for Designation as an Eligible Telecommunications Carrier, *Application of Charter Fiberlink - Georgia, LLC for Designation as an Eligible Telecommunications Carrier to Receive Rural Digital Opportunity Fund Auction (Auction 904) Support for Voice and Broadband Services*, Docket No. 43708 (June 7, 2021) ("*ETC Designation Order*").
[3] *ETC Designation Order* at ordering para. 2.
[4] *See Notice of Change to ETC-Designated Service Area*, Docket No. 43708 (filed October 25, 2021).
[5] *See Application of FiberLight, LLC for Designation as an Eligible Telecommunications Carrier*, Docket No. 43712 (filed January 6, 2021).
[6] Order on Application for Designation as an Eligible Telecommunications Carrier, *Application of FiberLight, LLC for Designation as an Eligible Telecommunications Carrier in the State of Georgia*, No. 43712 (June 7, 2021).

Morgan County RDOF Census Blocks, FiberLight seeks to transfer its RDOF entitlement and obligations to Charter Fiberlink. The FCC permits such transfers, but the assignment is contingent on the assignee becoming an ETC in the assigned census blocks, just as the assignor was required to do. Charter Fiberlink's *ETC Designation Order* contains a mechanism for *dropping* census blocks from Charter Fiberlink's ETC territory, but does not contain any mechanism for *adding* census blocks.

Charter Fiberlink does not currently offer service in the Morgan County RDOF Census Blocks, but they are near other census blocks in Charter Fiberlink's ETC service area. Charter Fiberlink is well-qualified to replace FiberLight as the service provider and will be able to bring its experienced management and technical expertise to the development and operation of the Morgan County RDOF Census Blocks. Charter Communications, Inc. and its affiliates (including Charter Fiberlink) are experienced operators with robust systems and customer support that will improve customer experience. The transfer of the Morgan County RDOF Census Blocks to Charter Fiberlink will serve the public interest by permitting Charter Fiberlink to deploy broadband infrastructure and services in the Morgan County RDOF Census Blocks and to provide customers with access to high-speed broadband internet access services that they do not receive today.

Charter Fiberlink therefore petitions the Commission to add the census blocks in **Exhibit A** to Charter Fiberlink's ETC-designated territory.[7] In support of its petition, Charter Fiberlink reiterates that the Commission has already found that Charter Fiberlink meets the state and federal requirements for ETC status. The only issue is whether Charter Fiberlink's territory should be expanded. Granting ETC status in the Morgan County RDOF Census Blocks will allow Charter Fiberlink to assume the RDOF support currently awarded to FiberLight. This support will enable

[7] Concurrently herewith, Charter Fiberlink and FiberLight are filing with the FCC an Application to transfer FiberLight's RDOF entitlement and obligations to Charter Fiberlink.

Charter Fiberlink to extend high-speed broadband internet access service to the Morgan County RDOF Census Blocks, which do not have access to that service today. In addition, Charter Fiberlink will provide Lifeline service in the expanded census blocks, as part of its ETC obligations. In short, expanding Charter Fiberlink's ETC territory will enable Charter Fiberlink and its affiliates to bring high-quality, innovative voice and broadband Internet access services to consumers in this additional area, advance the goals of universal service, and serve the public interest.

Relief Requested

For the reasons given above, Charter Fiberlink respectfully requests that the Commission add the Morgan County RDOF Census Blocks (identified in **Exhibit A**) to Charter Fiberlink's existing ETC-designated territory so that the territory will comprise all the census blocks in **Exhibit B**.

Respectfully submitted, September 23, 2025.

Respectfully submitted,

Charter Fiberlink – Georgia, LLC
